*Large enough to serve, small enough to care.*

Since our founding in 1990, HSB Veterinary Supply, Inc., located in Hanover, Pennsylvania, has been dedicated to providing veterinary professionals with the products, service, and reliability they deserve. As a family-owned and operated distributor, we have built our reputation on a foundation of trust, integrity, and a true understanding of the veterinary industry.

From our early days serving a handful of local clinics, we've grown to support practices of all sizes across the continental United States and Puerto Rico. Despite our growth, our mission has remained the same: deliver the highest-quality veterinary products at competitive prices, while offering personalized customer service that puts your needs first.

We know that in veterinary medicine, every order matters. That's why we maintain a carefully managed inventory, efficient ordering processes, and strong relationships with trusted manufacturers. Our knowledgeable team is always ready to assist, whether you're placing a large bulk order or need help sourcing a hard-to-find item.

At HSB Veterinary Supply, we believe that being large enough to serve means having the resources, product selection, and logistics to meet your demands quickly and reliably. Being small enough to care means we treat each customer like a partner, not just a number. When you call, you speak to real people who know your business and are committed to finding solutions that work for you.

Over three decades later, we are proud to continue supporting the vital work of veterinary professionals—helping you care for animals by ensuring you have the tools, medications, and supplies you need, exactly when you need them.

HSB Veterinary Supply, Inc. — Your partner in animal health since 1990.

Best regards.

## The **MAXI/GUARD®** Line...

*Improving the lives of animals through innovative and exclusive veterinary technologies.*

### Dental Health Solutions for Every Situation

#### **MAXI/GUARD® Oral Cleansing Gel**

Recommended for:

- Advanced Periodontal Cases
- Post Surgery
- Pre and Post Prophy

#### **MAXI/GUARD® OraZn®**

**StrataBen-BP** – Antiseborrheic and antiseptic shampoo. Contains benzoyl peroxide 3% for the relief of scaling and itching associated with skin infection, seborrheic disorders, and follicular plugging on dogs, cats, and horses. Benzoyl peroxide plus precipitated sulfur and salicylic acid allows for degreasing, follicular flushing, and enhanced keratolytic and keratoplastic activity. Citrus-scented, soap-free, lathering shampoo base with skin moisturizers. 12 fl. oz.

**StrataCalm-EFA Shampoo** – Gentle, hypoallergenic, soap-free formulation containing an exclusive deodorizer, Sweet Pea Infusion. Contains emollients for moisturizing and proteins for conditioning. Promotes hydration of skin and coat, while essential fatty acids nourish skin and aid in the control of flaking and scaling. Properly pH balanced, it cleans gently, lathers well and rinses out easily. Non-drying, deep cleansing formula leaves a pet's coat soft and bright. 16 fl. oz.

**StrataCalm-HC+ Spray** – Hydrocortisone 1%, pramoxine hydrochloride 0.5%. Provides rapid relief from itching caused by fleas, insect bites, dermatitis, hot spots and other minor skin irritations. Non-stinging formula free from fragrances and dyes. Safe for use in dogs, cats, and horses. 4 fl. oz.

**StrataCalm-P Spray** – Soothing, moisturizing formula for dogs, cats, horses. Contains pramoxine and micronized colloidal oatmeal for temporary relief of itching, flaking, and irritation plus coat conditioners and omega-6 essential fatty acids to nourish the skin and help further control irritation. Alcohol-free, may be sprayed directly onto the irritated or raw areas to relieve itching. 8 fl. oz.

**StrataChlor-4% Shampoo** – Full-strength medicated shampoo for mild to severe dermatologic conditions. Contains 4% chlorhexidine gluconate for antimicrobial activity. Pleasant scent with antiseptic activity (antibacterial) for dogs, cats, horses. 12 fl. oz.

**StrataChlor-CK Mousse** – Chlorhexidine 2%, ketoconazole 1%. Moisturizing, medicated formula that fights fungus and bacteria without drying out skin. Pleasant scent that relieves odor and soothes the skin. Apply directly onto affected areas up to 3 times daily. Great for use in between bathing. 7 fl. oz.

**StrataChlor-CK Shampoo** – Chlorhexidine 2%, Ketoconazole 1%. With antibacterial and antifungal properties for dogs, cats and horses. Cucumber-melon scented antiseptic shampoo in a synergistic base that also offers deep cleansing and deodorizing properties. 8 fl. oz., 16 fl. oz.

**StrataChlor-CK Spray** – Chlorhexidine 2%, ketoconazole 1%. Alcohol-free antiseptic spray for dogs, cats and horses. Contains Aloe Leaf. 8 fl. oz.

**StrataChlor-CK Wipes** – Chlorhexidine 2%, ketoconazole 1%. Broad spectrum antifungal and antimicrobial wipes for the antiseptic cleansing of face folds, finger folds, as well as underarm and groin areas on dogs and cats. 50 wipes.

**StrataChlor-CK XL Wipes** – For dogs and cats. 60 wipes. 5" x 6"

**StrataChlor-MC Shampoo** – 2% Miconazole Nitrate; 2% Chlorhexidine Gluconate. Helps improve the condition of unhealthy skin or coat caused by fungi, yeast or bacteria. Fragrance-free, and pH balanced. Addresses conditions associated with ringworm and Malassezia dermatitis including irritated skin, greasiness, loss of hair, scaly skin and poor odor. Safe for dogs, puppies, cats, kittens, horses. 12 fl. oz.

**StrataClens Advanced Otic** – Alcohol-free, non-irritating ear cleansing solution. Cucumber-melon scent.

Contains chloroxylenol, salicylic acid and aloe vera. No sting or burn; safe for daily use. For dogs and cats. 8 fl. oz.

**StrataClens CM Ear Cleaner** – Gently cleans, dries, acidifies, and deodorizes ears. Contains aloe vera to soothe irritation. Cucumber-melon scent. For dogs and cats. 8 fl. oz.

**StrataClens Tris Keto Flush** – Topical antiseptic solution with 0.1% ketoconazole, disodium EDTA and tromethamine for flushing ears and skin. For dogs and cats. 12 fl. oz.

**Ultra EFA** – Bioactive, fatty acid lipid blend of high-grade marine lipid concentrate and liquid lecithin, with rosemary and vitamin E. 8 fl. oz., 16 fl. oz.

**Allergy Test Kit PLUS+** – DRIED SERUM – For dogs and cats. Now available with more testing options for your patients, Rx Vitamins brings the next generation in Allergy and wellness testing to your practice. Increase staff efficiency, reduce cost, and provide excellent service to your clients. Allergy test (IgE) for 125 Allergens (72 Food, 53 Environmental). Single kit, 10 kits, 25 kits

**Atopy & Infection Panel Test Kit**

DRIED SERUM + SKIN SWAB – For dogs and cats. The next generation in allergy and infection testing for skin conditions. Get meaningful insight into your dermatology cases to offer more options for therapy. Increase staff efficiency, improve patient care, and provide excellent service to your clients. Single kit, 10 kits, 25 kits

**Mineral & Toxic Metal Fur Test Kit**

For dogs and cats. Diet and environment play a major role in the health of our pets. With the Mineral & Toxic Metal Fur Test Kit, your practice can check for long-term issues with both. By analyzing fur, you can assess any prolonged exposures to potentially harmful minerals and metals, as well as identify any shortcomings the pet's diet may have. Single kit, 10 kits, 25 kits

**Vitamin D Test Kit PLUS+**

DRIED SERUM – For dogs and cats. Now available with more testing options for your patients, Rx Vitamins brings the next generation in Vitamin D and wellness testing to your practice. Increase staff efficiency, reduce cost, and provide excellent service to your clients. Single kit, 10 kits, 25 kits

**Care-** We prioritize our production of Epizyme to ensure that your patients have a reliable supply of this critical care product at an affordable price.

## Biotin-100

Biotin and DL-Methionine powder supplement for horses. Each 400 grams is a 30- to 60-day supply for an adult horse. Easy and convenient method of supplementation. Dramatically improves hoof condition in 3 to 5 months with daily feeding.

5 lb. bag or 20 lb. pail

## Cani-Flex Chewable Tablets\*

A tasty glucosamine nutraceutical for healthy cartilage and joint function in dogs and cats. Each tablet contains 500 mg of D-glucosamine HCL.

60 tablet bottle

## Derma-Form Liquid\*

For improvement of dry skin and dry hair by providing a nutritional source of polyunsaturated fatty acids and vitamins A, D and E. For dogs and cats. Ingredients: unsaturated fatty acids from both plant and animal origins.

8 oz. bottle

## Felo-Form Chewable Tablets\*

For use as a vitamin and mineral supplement for cats. Also contains taurine and potassium.

50 tablet bottle

## Geri-Form Chewable Tablets\*

For use as a dietary supplement to increase levels of essential phospholipids and glycolipids, plus choline (acetyl-choline precursor) and other important nutrients in older dogs and cats.

50 tablet bottle or 150 tablet bottle

## Isotone SA

A highly palatable isotonic, buffered nutritional supplement for dogs and cats. Dissolve the contents of one 16 gram packet in one pint of water.

16 gram packets packaged, 144/case

## Lipo-Form Chewable Tablets\*

For use as a supplementary dietary source of the lipotropic factors: choline and methionine in dogs and cats.

50 tablet bottle or 500 tablet bottle

## Methio-Form®

For use in acidifying the urine of dogs and cats. Aids in prevention and treatment of LUTD (FUS) in cats. Active ingredient: DL-Methionine 500 mg/tablet.

50 tablet bottle

150 tablet bottle

500 tablet bottle

## Osteo-Form Chewable Tablets\*

For use as an aid in the prevention of dietary deficiencies of calcium, phosphorus and vitamins A and D in dogs and cats. 1.8 to 1 calcium to phosphorus ratio corrects deficiencies without danger of excess phosphorus. Palatable bone ash and bone meal sources of calcium and phosphorus.

50 tablet bottle, 150 tablet bottle or 500 tablet bottle

## Osteo-Form SA Powder

Aids in the prevention of dietary deficiencies of calcium, phosphorus and vitamins A and D in dogs, cats, birds and reptiles. A natural source of readily assimilable calcium and phosphorus.

350 gram bottle

## Pet-Form® Chewable Tablets\*

Most complete vitamin-mineral chewable tablet with unsurpassed palatability for dogs and cats. 8 vitamins and 11 minerals, also contains choline and DL-Methionine. FREE Individually wrapped samples and jar available.

50 tablet bottle

150 tablet bottle

500 tablet bottle

## PrednisTab®

Prednisolone USP for oral use in dogs. Aids in controlling inflammatory and pruritic conditions known to be responsive to corticosteroids.

5 mg 1,000 tablet bottle

20 mg 500 tablet bottle

## Thyro-L® Powder

For use in the correction 1 lb. or 10 lb.

## Thyro-Tabs®

For use in the correction of conditions associated with hypothyroidism in dogs. Small scored caplets. Available in strengths: 0.1, 0.2, 0.3, 0.4, 0.5, 0.6, 0.7, 0.8 mg, and 1.0 mg each color coded for easy identification. Active ingredient: levothyroxine sodium.

120 or 1,000 count

## ToxiBan™

Activated charcoal with kaolin for use as an aid in the treatment of poisoning by most organic chemical compounds. Available as granules and suspension.

*Granules:*

1 pound bottle

5 kg (11 lb) pail

*Suspension:*

240 mL bottle

## ToxiBan™ with Sorbitol

Ready-to-use activated charcoal suspension with kaolin and with the osmotic cathartic sorbitol. Use as an emergency treatment for poisoning of small animals.

*Suspension:* 240 mL bottle

## Veta-Lac® Powder Canine and Powder Feline

Fortified dry milk with vitamins, minerals and methionine for puppies and kittens. Veta-Lac Powder Feline contains taurine. Reconstitutes in warm water.

**National  
Brands**

**MAXI/GUARD** line of products for veterinary dental home care, otology, dermatology and wound care.

## **MAXI/GUARD Oral Cleansing Gel and MAXI/GUARD OraZn**

Reduces the deposition of plaque • Superior pet acceptance • Unmatched client compliance • Helps reduce inflammation

### **Similarities and Differences:**

Both **MAXI/GUARD Oral Cleansing Gel** and **MAXI/GUARD OraZn** are very effective home dental care products. Both of these products are ideally dispensed immediately after a professional dental prophylaxis and, when used properly, can extend the time between these dental cleanings.

**MAXI/GUARD Oral Cleansing Gel** has a long history of being the most complete home dental care product available. The unique zinc ascorbate formulation is very effective in helping reduce gingival inflammation, reducing the deposition of plaque and neutralizing offensive mouth odors. It is considered our "professional strength" product and is very concentrated. **MAXI/GUARD Gel** is recommended for severe oral problems such as advanced periodontal cases, post oral surgery and pre and post prophy. 4 oz. bottle

**MAXI/GUARD Oral Cleansing Wipes** are both an effective pet oral care product and applicator all in one. Cleansing the oral cavity of pets is much faster and easier since the wipes are infused with our unique zinc formulation. This taste free compound neutralizes offensive mouth odors, helps reduce the deposition of plaque and aids in gingival inflammation. The wipes are textured to assist in the mechanical removal of plaque, but not so rough to cause damage to the gum tissue. **MAXI/GUARD Oral Wipes** increase owner compliance and pet acceptance. 10-wipe pack or 100/jar

**MAXI/GUARD OraZn** is a newer home dental care product that features excellent pet acceptance. It utilizes a taste-free, neutralized zinc (pH 7) formulation that is acceptable to even the most challenging cases such as cats and small dogs. **OraZn** also helps reduce the deposition of plaque, aids in the reduction of gingival inflammation and neutralizes offensive mouth odors. The product is very effective in maintaining oral health after a dental prophylaxis. 2 oz. bottle

### **MAXI/GUARD Pinkeye Bacterin**

10 dose bottle  
50 dose bottle

### **MAXI/GUARD Nasal Vac**

30 mL w/intranasal tips

### **MAXI/GUARD Oral Cleansing Formula Canine/Feline**

4 oz. bottle  
**MAXI/GUARD Zn 4.5 Otic**  
2 oz. bottle or 4 oz. bottle

### **MAXI/GUARD Zn7 Derm**

1 oz. bottle or 2 oz. bottle

### **MAXI/GUARD Zn7 Derm Spray**

2 oz. bottle  
4 oz. bottle

## Barrier® for Dogs and Cats

(imidacloprid + moxidectin)

Topical Solution

**BRIEF SUMMARY:** Before using Barrier for Dogs (imidacloprid + moxidectin) or Barrier for Cats (imidacloprid + moxidectin), please consult the product insert, a summary of which follows:

**CAUTION:** Federal (U.S.A.) Law restricts this drug to use by or on the order of a licensed veterinarian.

### Barrier® for Dogs:

#### WARNING

- **DO NOT ADMINISTER THIS PRODUCT ORALLY.**
- **For the first 30 minutes after application ensure that dogs cannot lick the product from application sites on themselves or other treated animals.**
- **Children should not come in contact with the application sites for two (2) hours after application.**

(See **Contraindications, Warnings, Human Warnings, and Adverse Reactions for more information.**)

#### INDICATIONS:

**Barrier for Dogs** is indicated for the prevention of heartworm disease caused by *Dirofilaria immitis* and the treatment of *Dirofilaria immitis* circulating microfilariae in heartworm-positive dogs. Barrier for Dogs kills adult fleas and is indicated for the treatment of flea infestations (*Ctenocephalides felis*). Barrier for Dogs is indicated for the treatment and control of *sarcoptic mange* caused by *Sarcoptes scabiei var. canis*. Barrier for Dogs is also indicated for the treatment and control of the following intestinal parasites species: Hookworms (*Ancylostoma caninum*) (*Uncinaria stenocephala*), Roundworms (*Toxocara canis*) (*Toxascaris leonina*) and Whipworms (*Trichuris vulpis*).

**Barrier for Cats** is indicated for the prevention of heartworm disease caused by *Dirofilaria immitis*. Barrier for Cats kills adult fleas (*Ctenocephalides felis*) and is indicated for the treatment of flea infestations. Barrier for Cats is also indicated for the treatment and control of ear mite (*Otodectes cynotis*) infestations and the intestinal parasites species Hookworm (*Ancylostoma tubaeforme*) and Roundworm (*Toxocara cati*). **Ferrets:** Barrier for Cats is indicated for the prevention of heartworm disease in ferrets caused by *Dirofilaria immitis*. Barrier for Cats kills adult fleas (*Ctenocephalides felis*) and is indicated for the treatment of flea infestations in ferrets.

**CONTRAINdications: Do not administer this product orally.**  
(See **WARNINGS**). **Do not use the Dog product (containing 2.5% moxidectin) on Cats.**

#### WARNINGS:

**Barrier for Dogs: For the first 30 minutes after application:**

**Ensure that dogs cannot lick the product from application sites on themselves or other treated dogs, and separate treated dogs from one another and from other pets to reduce the risk of accidental ingestion. Ingestion of this product by dogs may cause serious adverse reactions including depression, salivation, dilated pupils, incoordination, panting, and generalized muscle tremors. In avermectin sensitive dogs<sup>a</sup>, the signs may be more severe and may include coma and death<sup>b</sup>.**

<sup>a</sup> Some dogs are more sensitive to avermectins due to a mutation in the MDR1 gene. Dogs with this mutation may develop signs of severe avermectin toxicity if they ingest this product. The most common breeds associated with this mutation include Collies and Collie crosses.

<sup>b</sup> Although there is no specific antagonist for avermectin toxicity, even severely affected dogs have completely recovered from avermectin toxicity with intensive veterinary supportive care.

**Barrier for Cats: Do not use on sick, debilitated, or underweight cats. Do not use on cats less than 9 weeks of age or less than 2 lbs. body weight. Do not use on sick or debilitated ferrets.**

**HUMAN WARNINGS: Not for human use. Keep out of the reach of children. Dogs: Children should not come in contact with the application sites for two (2) hours after application. Cats: Children should not come in contact with the application site for 30 minutes after application.**

Causes eye irritation. Harmful if swallowed. Do not get in eyes or on clothing. Avoid contact with skin. **Wash hands thoroughly with soap and warm water after handling.** If contact with eyes occurs, hold eyelids open and flush with copious amounts of water for 15 minutes. If eye irritation develops or persists, contact a physician. If swallowed, call poison control center or physician immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or physician. People with known hypersensitivity to benzyl alcohol, imidacloprid, or moxidectin should administer the product with caution. In case of allergic reaction, contact a physician. If contact with skin or clothing occurs, take off contaminated clothing. Wash skin immediately with plenty of soap and water. Call a poison control center or physician for treatment advice. The Safety Data Sheet (SDS) provides additional occupational safety information. For a copy of the Safety Data Sheet (SDS), to report adverse reactions, or consumer questions call Aurora Pharmaceutical at 1-888-215-1256.

**PRECAUTIONS:** Do not dispense dose applicator tubes without complete safety and administration information. Use with caution in sick, debilitated or underweight animals. The safety of Barrier for Dogs has not been established in breeding, pregnant, or lactating dogs. The safe use of Barrier for Dogs has not been established in puppies and dogs less than 7 weeks of age or less than 3 lbs. body weight. Barrier for Dogs has not been evaluated in heartworm-positive dogs with Class 4 heartworm disease. Cats may experience hypersalivation, tremors, vomiting and decreased appetite if Barrier for Cats is inadvertently administered orally or through grooming/licking of the application site. The safety of Barrier for Cats has not been established in breeding, pregnant, or lactating cats. The effectiveness of Barrier for Cats against heartworm infections (*D. immitis*) after bathing has not been evaluated in cats. Use of this product in geriatric cats with subclinical conditions has not been adequately studied. Ferrets: The safety of Barrier for Cats has not been established in breeding, pregnant, and lactating ferrets. Treatment of ferrets weighing less than 2.0 lbs. (0.9kg) should be based on a risk-benefit assessment. The effectiveness of Barrier for Cats in ferrets weighing over 4.4 lbs. (2.0 kg) has not been established.

**ADVERSE REACTIONS: Heartworm Negative Dogs:** The most common adverse reactions observed during field studies were pruritus, residue, medicinal odor, lethargy, inappetence and hyperactivity.

**Heartworm Positive Dogs:** The most common adverse reactions

observed during field studies were cough, lethargy, vomiting, diarrhea (including hemorrhagic), and inappetence. **Cats:** The most common

adverse reactions observed during field studies were lethargy, behavioral changes, discomfort, hypersalivation, polydipsia and coughing and gagging. **Ferrets:** The most common adverse reactions observed during field studies were pruritus/scratching, scabbing, redness, wounds and inflammation at the treatment site; lethargy; and chemical odor.

For a copy of the Safety Data Sheet (SDS) or to report adverse reactions call Aurora Pharmaceutical, Inc. at 1-888-215-1256 or [www.aurorapharmaceutical.com](http://www.aurorapharmaceutical.com).

## Lubrication

### Eye Lube Pro

Contains 0.30% Hyaluronic Acid and 0.45% Carbomer. Bulk format eye lubrication for in clinic use, such as anesthesia.

*Available in:* 20 gm tube with easy to apply tip

*Dosage:* Dogs/cats/horses – apply 1–2 drops, 2–4 times daily.

(In situations where the blink reflex is diminished, such as anesthesia, lubrication should be applied every 30 minutes.)

### Ocunovis™ Procare Eye Drops with Amino Acids

Contains 0.40% BioHance cross-linked Hyaluronic Acid. Long lasting lubrication support for dry eye and KCS.

*Available in:* 10 mL dropper bottle

*Dosage:* Dogs/cats – apply 1–2 drops twice daily

## Corneal Repair

### Oculenis™ Ocular Repair Gel

Contains 0.75% BioHance cross-linked Hyaluronic Acid. Aids the healing of damage to the cornea.

*Available in:* 3 mL dropper bottle

*Dosage:* Dogs/cats/horses – apply 1–2 drops twice daily, as required.

### Oculenis™ XL Corneal Repair Gel

Contains 0.75% BioHance cross-linked Hyaluronic Acid. Aids the healing of damage to the cornea.

*Available in:* 10 mL dropper bottle

*Dosage:* Dogs/cats/horses – apply 1–2 drops every 2–3 days.

## Corneal Debris Cleaner and Diagnostic

### Ocryl® Ocular Solution

General eye cleaner and tear stain remover.

*Available in:* 135 mL dropper bottle

*Dosage:* Dogs/cats/horses – apply 2–3 times a week or daily if necessary.

### Fludrop®

Single use eye drops containing veterinary fluorescein 0.5%.

*Available in:* 10 x 0.4 mL dropper

*Dosage:* Dogs/cats/horses – apply 1–2 drops.

# Oculenis™ SUPPORTS ACCELERATED HEALING AND HELPS REDUCE SCARRING

## Oculenis™ XL

0.75% Corneal Repair Gel with BioHANCE™ Cross-Linked Hyaluronic Acid  
Supports accelerated healing of damaged cornea by up to 50%(1)

## Cronus Pharma

### Clindamycin Hydrochloride

*Oral antibiotic to treat soft tissue, dental and bone infections caused by susceptible strains of bacteria in dogs and cats*

**Capsules:** For use in dogs only. For the treatment of infections caused by skin infections (wounds and abscesses) due to coagulase positive staphylococci; deep wounds and abscesses, dental infections, and osteomyelitis. 25 mg or 75 mg, 200 ct.; 150 mg, 100 or 500 ct.; 300 mg, 100 ct

**Oral Solution Drops:** For use in dogs and cats. Available in: 25 mg/mL 20 mL

### Amoxicillin & Clavulanate Potassium

*Broad-spectrum antibiotic to treat many bacterial infections in dogs and cats*

**Dogs:** For the treatment of periodontal and skin and soft tissue infections such as wounds, abscesses, cellulitis, and superficial/juvenile and deep pyoderma.

**Cats:** For the treatment of urinary tract infections (cystitis) and skin and soft tissue infections such as wounds, abscesses, and cellulitis/dermatitis.

**Tablets:** 62.5 mg, 125 mg, 250 mg, and 375 mg, tablets supplied in foil strip packs. Each carton: 15 foil strip packs with 14 tablets per strip (210 tablets per carton).

**Oral Susp, Drops:** 15 mL dropper bottle.

### Carprofen Chewable Tablets

*Convenient & effective pain relief for dogs*

Proven safe for the treatment of pain, soreness, and inflammation associated with osteoarthritis and control of post-operative pain. Chicken liver flavored. 25 mg, 75 mg or 100 mg in 60 or 180 ct. bottles.

### Furosemide Syrup 1% (10 mg/mL)

*A diuretic-saluretic for prompt relief of edema, for dogs only*

Promotes the rapid removal of abnormally retained extracellular fluids. For the treatment of edema (pulmonary congestion, ascites) associated with cardiac insufficiency and acute noninflammatory tissue edema. 60 mL dropper bottle.

### DexmedVet™ Injection

*(Dexmedetomidine Hydrochloride)*

*A sedative, analgesic, and preanesthetic for use in dogs and cats.*

Facilitates clinical examinations, clinical procedures, minor surgical procedures, and minor dental procedures. Also for use as a preanesthetic to general anesthesia. For intramuscular and intravenous use in dogs older than 16 weeks and for intramuscular use in cats older than 12 weeks. Each mL contains 0.5 mg dexmedetomi-

dine hydrochloride, 1.6 mg methylparaben (NF), 0.2 mg propylparaben (NF), 9.0 mg sodium chloride (USP), and water for injection (USP), q.s. FDA approved. A generic equivalent to Dexdomitor. 10 mL multi-dose, rubber-stoppered glass vials.

### Cropamezole™ Injection

*(Atipamezole Hydrochloride)*

**A 0.5 mg/mL sterile injectable solution that is a reversing agent for use in dogs.**

For the reversal of the sedative and analgesic effects of dexmedetomidine hydrochloride, and medetomidine hydrochloride. Administered intramuscularly (IM) for reversal of sedation and analgesia regardless of the route used for dexmedetomidine hydrochloride or medetomidine hydrochloride. For use in dogs older than four months of age and weighing more than 4.4 lbs (2 kg). Each mL contains 5.0 mg atipamezole hydrochloride, 1.0 mg methylparaben (NF), 8.5 mg sodium chloride (USP), and water for injection (USP). FDA approved; a generic equivalent to Antisedan. 10 mL multi-dose, rubber-stoppered glass vials.

### EnroPro™ Silver Otic

*Antibacterial-antimycotic emulsion for ototopical use in dogs.*

Enrofloxacin 5 mg and silver sulfadiazine (SSD) 10 mg per mL. Treatment for canine otitis externa complicated by bacterial and fungal organisms susceptible to enrofloxacin and/or silver sulfadiazine. For canine otitis externa associated with one or more of the following organisms: malassezia pachydermatitis; coagulase-positive staphylococcus spp.; pseudomonas aeruginosa; enterobacter spp.; proteus mirabilis; streptococci spp.; aeromonas hydrophila; aspergillus spp.; klebsiella pneumoniae; and candida albicans. Available in 15 mL/12 bottle carton and 30 mL/6 bottle carton of dropper bottles

### Methylprednisolone

*Potent glucocorticoid and anti-inflammatory agent for use in dogs and cats*

Greater anti-inflammatory potency than prednisolone. Less likely to induce sodium and water retention. For dermal conditions, allergic manifestations, ocular conditions, otic conditions, musculoskeletal conditions, and various chronic or recurrent diseases of unknown etiology such as ulcerative colitis and nephrosis. Use in conjunction with therapeutic management of animals with chronic issues, such as rheumatoid arthritis. 1 mg, 2 mg (yellow round) and 4 mg (yellow oval) scored tablets in bottles of 100 and 500.

### Xylazine Injection (AnaSed)

*A sedative and a preanesthetic to local or general anesthesia for use in horses only.*

For conducting various diagnostic, orthopedic and dental procedures of short duration.

Also be used as a preanesthetic to local or general anesthesia. May be used in conjunction with local anesthetics, such as procaine and lidocaine. A preanesthetic agent for sodium pentobarbital, sodium thiopental, sodium thiamylal, nitrous oxide, ether, halothane, guaifenesin and methoxyflurane anesthesia. For intravenous or intramuscular use. Each mL contains xylazine HCl equivalent to 100 mg xylazine base. 20 mL and 50 mL multi-dose, rubber-stoppered glass vials.

### Doraject™

*Highly active, broad-spectrum injectable parasiticide for cattle and swine*

Treats and controls roundworm and arthropod parasites that impair the health and productivity of cattle and swine. Ready-to-use, colorless to pale yellow, sterile solution containing 1% w/v doramectin (10 mg/mL).

**Cattle:** Treatment and control of gastrointestinal roundworms, lungworms, eyeworms, grubs, sucking lice, and mange mites.

**Swine:** The treatment and control of gastrointestinal roundworms, lungworms, kidney worms, sucking lice, and mange mites. A generic equivalent to Dectomax®. 500 mL multi-dose, rubber-stoppered glass vials.

### Sulfadimethoxine Concentrated Solution 12.5%

For use in drinking water to control a variety of diseases in chickens (coccidiosis, fowl cholera, and infectious coryza), turkeys (coccidiosis, fowl cholera) and cattle (shipping fever complex and bacterial pneumonia associated). Use as a drench to treat individual animals or dispense through a water proportioner for mass medication. Bioequivalent to Albon® 12.5% Solution. 1 gallon (3.785 liters) bottle.

### Cefpodoxime Proxetil Tablets, USP

*Third generation cephalosporin antibiotic.*

For the treatment of mild to moderate infections: acute otitis media; pharyngitis and/or tonsillitis; community-acquired pneumonia; acute bacterial exacerbation of chronic bronchitis; acute, uncomplicated urethral and cervical gonorrhea; skin and skin structure infections; acute maxillary sinusitis; and urinary tract infections (cystitis). Bioequivalent to Vantin®. 100 mg and 200 mg film coated tablets in 100 count bottles

### Carofenvet™ (Carprofen) Injection

*Non-steroidal, anti-inflammatory (NSAID).*

For the relief of pain and inflammation associated with osteoarthritis and for the control of postoperative pain associated with soft tissue and orthopedic surgeries in dogs.

Contains carprofen. For subcutaneous use in dogs. Generic equivalent to Rimadyl injection. 20 mL and 50 mL amber, glass, sterile, multi dose vials.

## Surgical Monitors

**Doppler Ultrasonic Blood Flow Monitor.** Non-invasive blood pressure monitoring. Hypertension (high blood pressure) is often overlooked during diagnosis, treatment, and routine physical exams in small animals. In addition, many hypotensive (low blood pressure) patients, such as those suffering from shock, benefit greatly from Doppler measurement of blood pressure when knowing the pressure can mean effective and timely treatment.

Combining Doppler with an appropriate size "cuff" for small animals, provides the veterinarian with the same, noninvasive method for testing blood pressure as is available in human medicine. A small probe is placed over a peripheral artery (e.g., digital or coccygeal). An ultrasonic crystal in the probe transmits pulse wave sounds back to the amplifier. The pressure cuff is then placed proximal to the probe. The cuff is inflated until the pulse sounds are no longer audible. The cuff is slowly deflated, using the manometer, until pulse sounds are audible once more, at which point the manometer displays a numeric value of the animal's systolic pressure. Features:

### Features:

- Lightweight, hand-held unit
- High quality, trigger-style sphygmomanometer
- Rechargeable Lithium Ion battery, approx. 6 hr of use with full charge
- Comes with 5 sizes of blood pressure cuffs, headphones, & tube of gel
- 4-minute auto shut off
- Complete with hard sided carrying case
- 2 year limited warranty on box and probe only

**J0563n** Complete Unit with flat 8mHz probe

**J0563nd10** Pencil Probe for Exotics (optional)

J0563

### Features:

- Lightweight, hand-held unit
- High-quality, veterinary-specific sphygmomanometer
- Comes with two cuffs (2.5cm and 5.0cm)
- Runs on 9-volt battery (included) (must be alkaline)
- Headset included
- Complete with carrying case
- 3 minute auto shut off
- 2 year limited warranty on box and probe only

**J0563** Complete Unit with small, flat probe

**J0563d3** Sphygmomanometer only. 6 month warranty

**J0563d4a** Cuff only. 1.9cm

**J0563d4** Cuff only. 2.5cm

**J0563d5** Cuff only. 5.0cm

**J0563d6** Cuff only. 7.5cm

**J0563d7** Cuff only. 10.0cm

J0563d3

## Analgesics/ Anti-Inflammatories

### Carprieve® (carprofen)

Available in Caplets or Chewable Tablets. 30, 60 or 180 count in the following strengths: 25 mg, 75 mg or 100 mg.

### Carprieve® Injection (carprofen)

50 mg strength in 20mL or 50mL.

### Loxicom® Injection (meloxicam)

5 mg strength in 10 mL or 20 mL.

### Firox® Chew Tabs

60 or 180 count in 57 mg or 227 mg.

### Flunixin Injection

100 mL or 250 mL.

### Loxicom® Oral Suspension (meloxicam)

1.5 mg strength in 10 mL, 32 mL, 100 mL or 2 x 100 mL.

## Antibiotics

### Cefenil® RTU

100 mL or 200 mL.

### Enroflox® Injection 2.27% for Dogs (enrofloxacin)

2.27% strength in 20 mL, 50 mL or 100 mL.

### Enroflox® Chewable Tablets for Dogs and Cats (enrofloxacin)

Available in 27.7 mg, 68 mg and 136 mg strengths in 50 or 200 count bottles.

### Eprizer® Pour On Solution

5 L or 29 L..

## Antiparasitics

### Midamox®

(imidacloprid + moxidectin)

Kitten, 2-5 lbs., 0.23 mL, 3 pack

Small/med. cat, 5.1-9 lbs., 0.4 mL, 6 pk

Large cat, 9.1-18 lbs., 0.8 mL, 6 pk

Puppy/small dog, 3-9 lbs., 0.4 mL, 6 pk

Small dog, 9.1-20 lbs., 1.0 mL, 6 pk

Med. dog, 20.1-55 lbs., 2.5 mL, 6 pk

Large dog, 55.1-88 lbs., 4.0 mL, 6 pk

### Noromectin® 1% Injection

1% w/v ivermectin in a sterile solution

50 mL

### Selarid® (selamectin)

Puppy/kitten, 0-5 lbs., 0.25 mL, 3 pk.

Small/med. cat, 5.1-15 lbs., 0.75 mL, 6 pk

Large cat, 15.1-22 lbs., 1.0 mL, 6 pk

Very small dog, 5.1-10 lbs., 0.25 mL, 6 pk

Small dog, 10.1-20 lbs., 0.50 mL, 6 pk

Med. dog, 20.1-40 lbs., 1.0 mL, 6 pk

Large dog, 40.1-85 lbs., 2.0 mL, 6 pk

## Feline Hyperthyroidism

### Felanorm® Oral Solution

(methimazole)

5 mg/mL 30 mL

5 mg/mL 100 mL

## YOUR ANIMAL EYE SPECIALISTS

I-MED Animal Health offers a complete range of dry eye products and solutions to help perfect sight in companion animals. Our superior products are manufactured with human quality standards.

### I-DROP® VET GEL

#### Superior Relief

For moderate to severe chronic dry eye

Preservative-free

### I-DEFENSE® VET

#### Ointment Designed for Severe Dry Eye & Lagophthalmos

Contains 0.40% hyaluronan to help reduce ocular inflammation

Recommended for night-time use and during surgical procedures

### I-TEAR® TEST

#### Quantitative Tear Volume Test

Quick, 5-second test  
No anaesthetic required

### I-DROP® VET PLUS

#### Advanced Relief

For acute or seasonal dry eye  
Convenient & economical multidose bottle

### I-LID 'N LASH® VET

#### Cleansing Wipes & Pump

Prevents tear stains & facial fold odors  
Removes ocular debris and reduces inflammation

**3M Avagard** – Surgical and Healthcare Personnel Hand Antiseptic combines alcohol for rapid kill, Chlorhexidine Gluconate for persistence plus emollients for skin conditioning. FDA NDA approved brushless, scrubless and waterless instant hand antiseptic with three pumps from a touchless, simple dispensing system. Proven safe and effective for daily use. Reduces material waste of water, sterile towels and scrub brushes.

3 oz. or 16 oz.

Wedge bottle, 500-ml

Nail cleaners 9204, 150ea/box

#### **3M Littmann Cardiology IV Stethoscope**

Outstanding acoustics with better audibility of high-frequency sounds (adult side, firm pressure). Tunable diaphragm: Hear high or low frequency sounds by slightly adjusting pressure on the chest-piece. Dual-lumen tubing: Two sound paths in one tube eliminates the rubbing noise of traditional double tubes. Next-generation tubing lasts longer and resists stains. Not made with natural rubber latex or phthalate plasticizers. Headset is easily adjusted for individual fit and comfort. Angled eartubes align with ear canals. Made in USA. *Call for colors.* 7 year warranty

**3M Master Cardiology Stethoscope** – 27"

#### **3M Littmann Master Classic II**

**Veterinary Stethoscope** – For Veterinary use. Single-sided head. Navy blue tubing. 3 year warranty

#### **3M Littmann Master Classic II**

**Pediatric Stethoscope** – Two-sided designed for smaller animals. 1" traditional bell and  $\frac{3}{4}$ " bell combined with floating diaphragm. *Call for colors.* 3 yr. warranty

#### **3M Lightweight II S.E. Stethoscope**

Lightest weight of all Littmann adult stethoscopes at just 118 grams. Dual-sided chestpiece provides versatility of both a tunable diaphragm and open bell. Teardrop-shaped chestpiece for easier positioning under blood pressure cuffs and around bandages. Tunable diaphragm: Hear high or low frequency sounds by slightly adjusting pressure on the chestpiece. Soft-sealing eartips provide an excellent acoustic seal and comfortable fit. An ideal entry level instrument.

#### **3M Classic III Monitoring Stethoscope**

Monitor and assess a wide range of patients. Made in the USA without natural rubber latex. Detect normal and abnormal sounds and rhythms. Useful in non-critical care environments such as a medical office, general ward, OB/GYN, ambulatory clinic or

urgent care. 5-year warranty. Fun and vibrant; match color and finish to your personality. Designed for use with adult and pediatric patients. Tunable, dual-sided stainless steel chestpiece with open or closed bell. Non-chill bell sleeve for greater patient comfort. Soft-sealing ear-tips provide optimal comfort and excellent sound occlusion

#### **3M Classic III Stethoscope** *Call for colors*

Double-sided chestpiece. 150 gr. 2 tunable diaphragms. Convertible open bell. 5 year warranty..

#### **3M Core Digital Stethoscope**

Connects to Eko software to visualize and share heart sound waveforms. Up to 40x amplification (at peak frequency, vs. analog mode). Active noise cancellation reduces unwanted background sounds. Toggle between analog and amplified listening modes. Soft-sealing ear tips provide an excellent acoustic seal and comfortable fit. Tunable, dual-sided stainless steel chestpiece with open or closed bell. Designed for use with adult and pediatric patients. FDA-cleared and HIPAA compliant. A new class of clarity the CORE Digital Stethoscope features the outstanding acoustics, comfort and quality of a Littmann cardiology-grade stethoscope enhanced by powerful digital technology. All black or w/colored chest piece.

#### **3M Littmann Stethoscope Ear Tips**

Soft sealing. Black or gray. Per pair

## **JorVet™ Ultrasonic Cleaners**

High frequency sound waves are used to produce more than 40,000 alternating high and low pressures per second. As these waves travel through a specially formulated cleaning solution, millions of microscopic bubbles form and violently implode. This process, known as cavitation, creates a scrubbing action capable of cleaning up to 16 times more efficiently than hand scrubbing. In minutes, all body fluids and foreign particles are removed, even from the tightest grooves, cracks, and interior surfaces of the instrument being cleaned.

**Features:**

- Control panel with 3-color LED display
- Super sized ultrasonic transducer: 45mm industrial grade; 30% more power than standard
- Drainage valve
- Includes stainless steel basket
- Two cooling fans improve heat dissipation
- AC 110v – 50/60Hz
- 1-year warranty
- ETL (USA), CETL (Canada)

SKU	Tank Size	Basket Inner Dimensions	Dimensions	Weight
<b>J0382qn</b> (Standard)	0.8 gallons or 3 liters 25cm (9.0") x 17cm (6.9") x 7.8cm (3") Largest item to put in tank is 10.5" (26.6cm)	9.8" x 6.9" x 3.1" (25cm x 17.4cm x 7.8cm)	17.5" x 10.8" x 8.1" (44.5cm x 27.4cm x 20cm)	13 lbs. (5.9kg)

## Ultrasonic Scaler/Polisher Combo Unit

- Contemporary design with a small footprint
- Operation frequency 25kHz
- Includes in-line water filter, 2 inserts (1 spatula, 1 universal), micro-motor, polisher handpiece, prophylactic angle, prophylactic cups and paste starter kit
- Comes with quick release attachment for water tank (optional) set-up
- Large, easy to read LED power display
- Micromotor variable speed 2,000-30,000 rpm with forward/reverse
- Foot pedal operation
- Optional drilling and sectioning attachments available
- 6-year limited warranty (90 days on inserts and prophylactic angle, 1 year on the handpiece)
- Dimensions: 6" L x 8" W x 3.5" H; Weight: 6.5 lbs.

**J-841Q Ultrasonic Scaler/Polisher**

## Piezo Electric Scaler/Polisher Combo Unit

Combo unit with the popular Piezo handpiece. Sleek design at an affordable price!

- Contemporary design with a small footprint
- Operation frequency 29kHz
- Includes in-line water filter, 3 scaler tips (2 spatula, 1 universal), micro-motor and polisher handpiece, prophylactic angle, prophylactic cups and paste starter kit
- Comes with quick release attachment for water tank (optional) set-up
- Micromotor variable speed 2,000-30,000 rpm with forward/reverse
- Large, easy to read LED power display
- Foot pedal operation
- Optional drilling and sectioning attachments available
- 6-year limited warranty (90 days on tips and prophylactic angle, 2 years on handpiece)
- Dimensions: 6" L x 8" W x 3.5" H; Weight: 6.5 lbs.

**J-841X Piezo Electric Scaler/Polisher Combo Unit**

## Premier Ultrasonic Scaler/Polisher

- 6 year warranty on circuit boards, 2 years on all other internal components; 2 years on scaling handpiece (detachable for easy replacement); 6 months on micromotor, prophylactic heads; 90 days on ultrasonic inserts
- Complimentary loaner program
- Powerful 25k magnetoresistive frequency inserts
- Will work for periodontal scaling on lower setting
- 25% power increase setting for use on heavy tough calculus
- Foot pedal operation
- Includes 2 inserts: 1 universal and 1 spatula tip; periodontal insert optional
- Micromotor Swiss made: no lubrication needed, speeds of 450rpm to 12,000, wide enough range for drilling or polishing
- Accepts metal prophylactic head "U" style included (J-1180D3)
- Other cutting and drilling accessories are optional
- Male quick release water line
- Includes prophylactic cups and paste

**J-1180 110V**

### Accessories:

**J-452D4 Portable Water Tank**  
1-gallon capacity

**J-1180D5 Contra Angle "U" Style Latch Type**

**J-452D1P Periodontal Insert**

**J-1181 110V**

## Premium Ultrasonic Scaler

- 6 yr. warranty on circuit boards, 2 yrs. on all other internal components; 2 yrs. on scaling handpiece (detachable for easy replacement); 90 days on ultrasonic inserts
- Complimentary loaner program
- Powerful 25k magnetoresistive frequency inserts
- 25% power increase setting for use on heavy tough calculus
- Foot pedal operation
- Includes 2 inserts: 1 universal and 1 spatula tip; periodontal insert optional
- Male quick release water line

### Accessories:

**J-452D4 Portable Water Tank** – 1-gallon capacity

**J-1180D5 Contra Angle "U" Style Latch Type**

**J-452D1P Periodontal Insert**

## Odor Control Products

**L.O.E. Laundry Odor Eliminator** – Works on any machine washable item (towels, blankets, kennel bedding, scrubs). Specially formulated for animal care facilities. Not a mask; not an enzyme. Completely safe, no harsh chemicals. 32 oz. Concentrate.

**Cat Odor-Off** – Eliminates odors in carpets, upholstery and other porous surfaces from urine, tomcat spray, feces, emesis and more. Works where other products haven't and won't. 16 oz. Concentrate; 16 oz. Soaker.

**K.O.E.** – ELIMINATES, not masks, even old, impregnated odors from cages, runs, walls and other large areas. ECONOMICAL – only 1/4 oz. (not 1 oz.) per gallon of water. 8 oz. Self Measuring; Gallon.

**Skunk Off** – Removes all traces of skunk spray from dogs, other pets, people, cloths, cars, homes – anybody or anything a skunk has sprayed or anything a skunk-sprayed animal has rubbed against. 8 oz. Soaker; 8 oz. Shampoo; 32 oz. Spray; Gallon Shampoo.

**A.O.E.** – Eliminates, not masks, odors from anal gland secretion, tom cat spray, necrotic tissue, urine, feces, emesis, etc. Also available in a tub of 80 disposable wipes. 8 oz. Spray; Tub (80 wipes).

**Dog Odor-Off** – Eliminates dog odors including body odors, urine, feces, emesis and necrotic tissue. Use on dogs, accidents, cages, bedding – anywhere there is a related odor problem. 8 oz. Spray; 16 oz. Soaker.

## DENTAL PRODUCTS

### twist Prophy Angles

Ergonomically designed with a 90° reciprocating "back and forth" rotating motion. Provides continuous contact and pressure on the tooth surface without catching muzzle hair or whiskers!

**Twist Prophy Angles** – Firm, 100/Box

**Prophylaxis Paste w/Fluoride** – Medium Grit, Mint, 100 Cups/Box

**Disposable Prophy Angles** – Fits all slow speed doriet-style handpieces. 100% guaranteed to last an entire prophy. Lubricated. ADA approved. **J-0452D12** Box of 12

**Prophy Cups** – Designed to minimize paste splattering. Easily adapts to contours of teeth. Soft cups easily reach under the gingival free margin to remove plaque.

**J-0452d6m Snap-On Rubber Cups**. 144/package

**Prophy Paste** – High-viscosity, low-spatter formulas.

**J-0452D5Q Prophy Polishing Paste**. Grey with flouride. Xylitol free. 1 oz. cups. 200/package. Mint flavor.

**Total control of parasites in the yard, home and on pets is the only way to truly safeguard a home.**

### Vet-Kem Yard Spray

- Provides up to 4 weeks control of fleas, ticks and mosquitoes
- Treats up to 5,000 square feet

### Vet-Kem Home Spray

- Kills ticks, roaches, silverfish, earwigs, ants and all stages of fleas
- Stops flea eggs from developing into adults for seven months

### Vet-Kem Fogger

- Prevents flea eggs and larvae from developing up to 30 weeks
- Each 3 oz. can (3 cans per box) treats up to 3,000 cubic feet, total 9,000 cubic feet total

### Vet-Kem Carpet and Premise Spray

- Home aerosol spray delivering 100% knock down of adult fleas in ten minutes.
- Prevents re-infestation and flea build-up for 7 months

### Mycodex Plus Environmental Control Spray

- Aerosol spray with botanically derived insecticide that kills all four stages of the flea: adults, eggs, pupae and larvae to break the fleas life cycle and control re-infestation for up to 210 days. Also kills ticks, roaches, ants, spiders, lice, crickets, centipedes, waterbugs, silverfish and sowbugs.
- Reduces infestation by killing botfly eggs and prevents botfly eggs from hatching

#### **ALPHA TECH PET, INC.**

#### **KennelSol**

A broad spectrum germicidal cleaner, deodorizer and disinfectant formulated for animal care facilities. Concentrated formula knocks out pathogens in one easy labor saving step. Effective against viruses (including canine parvovirus), bacteria, and fungi. No rinsing necessary. Wintergreen fragrance. Pint or Gallon

#### **OdorPet**

Pet odor eliminator and stain remover. Black Cherry fragrance.

Half gallon, 5 gallon or 2.5 gallon

**Gentocin Durafilm** (contains Gentamicin Sulfate and Betamethasone) – For the treatment of external eye infections and inflammation in dogs. Useful for the management of some cases of pigmentary keratitis and pannus.

**Imizol** – Sterile solution containing imidocarb dipropionate for the treatment of dogs with clinical signs of babesiosis and/or demonstrated *Babesia* organisms in the blood.

**Incurin™ (estriol) Tablets** – Treatment for female canine urinary incontinence. Convenient once-a-day dosing.

**Leventa** – Oral solution for dogs. Each ml of solution provides 1 mg synthetic crystalline levothyroxine sodium (L-thyroxine). 30 mL.

**Mometamax Otic Suspension** – Contains gentamicin sulfate, mometasone furoate monohydrate and clotrimazole for treatment of canine otitis externa caused by susceptible strains of yeast and bacteria. 7.5g, 15g, 30g. Single dose (34 mL w/20 syringes).

## Optimmune Ophthalmic Ointment

Contains 0.2% cyclosporine for management of chronic keratoconjunctivitis sicca (KCS) and chronic superficial keratitis (CSK) in dogs.

**Orbax Oral Suspension** – Once-a-day oral suspension for cats and small dogs containing orbifloxacin, a synthetic broad-spectrum antibacterial agent. 20mL.

**Otomax Otic Ointment** – For treatment of canine acute and chronic otitis externa associated with yeast and/or bacteria susceptible to gentamicin. 7.5gm, 15gm, 30gm, 215gm.

**Panacur C** – For treatment and control of roundworms, hookworms, whipworms and tapeworms. Packets: 1 gm, 2 gm, 4 gm. Tub: 1 lb.

**Panacur Horse Dewormer Suspension 10%** – (contains Fenbendazole) For the control of pinworms, large and small strongyles, ascarids.

**Posatex® Otic Suspension** – For treatment of canine otitis externa associated with susceptible strains of yeast and bacteria. 7.5 gm, 15 gm, 30 gm.

**Salix** – For treatment of edema associated with cardiac insufficiency and acute non-inflamatory tissue edema in dogs, cats and horses. 12.5 mg, 50 mg.

**Schirmer Tear Test** – Diagnostic test to measure the rate of tear production in dogs' eyes. Used in the evaluation of conjunctivitis to diagnose tear deficiency as a contributing factor to ocular surface diseases and to assess lacrimal gland function prior to cataract surgery.

## Tri-Heart Plus Chewable Tablets

Contains ivermectin and pyrantel. For use in dogs to prevent canine heartworm disease. 68 mcg, 136 mcg, 272 mcg.

**Vetsulin** – The only FDA approved insulin for use in diabetic dogs and cats in the USA.

## **Sentinel Flavor Tabs and Spectrum Chews**

Comprehensive coverage against heartworm disease and intestinal parasites, with added protection against immature flea life stages. Sentinel Flavor Tabs treat and control adult stages of tapeworms, hookworms, roundworms and whipworms. A once-a-month dose given along with a meal. Sentinel Spectrum Chews also contain lufenuron, which gives the added benefit of preventing flea eggs from hatching. Also a once-a-month dosing in a soft beef and bacon flavored chew that dogs love.

## **Bravecto (fluralaner)**

The active substance of Bravecto™, fluralaner, a new ectoparasiticide belonging to the isoxazoline group, is systemically active against fleas and ticks (black legged tick, American dog tick, and brown dog tick), delivering protection for up to 12 full weeks in Extended-duration Bravecto. It also kills lone star ticks for eight weeks. Presented in a highly palatable flavored chew for dogs. Bravecto 1-Month Chews are for protection from ticks and fleas in dogs and puppies 8 weeks of age and older and weighing 4.4 lbs. or greater. Extended-duration Bravecto Chews are for dogs who have reached 6 months of age. It is also available as a spot on topical solution for both dogs and cats. Bravecto Plus is a 2-month topical for cats.

## **VetPen**

*VetPen is the first and only insulin pen designed exclusively for diabetic pets.*

### **Enables pets to receive more accurate doses consistently.**

- Precision instrumentation allows the same dose to be easily set by simply turning a dial, minimizing the chance for dosing errors
- Great for small doses – VetPen enables precise doses to be selected down to 0.5 units. Even when doses were drawn up by trained laboratory technicians, syringes were found to deliver at least 20% to 25% more insulin than needed for a 1-unit dose<sup>11</sup>

### **Provides greater convenience.**

- Ergonomically designed for easy handling, even for owners with visual or manual dexterity issues
- Multi-dose insulin cartridges require fewer steps to prepare doses once primed (air removed)
- Portability allows owners to give their pets injections anywhere (refrigeration of cartridges is recommended during storage and usage)
- 97% of pet owners reported that VetPen was easy to use overall and they had no difficulty learning how to use VetPen<sup>3</sup>

### **Available in 2 sizes.**

- 8 IU VetPen with dosing increments of 0.5 IU
- 16 IU VetPen with dosing increments of 1 IU

### **Starter kit provided.**

- This starter kit provides owners with detailed instructions, needles, a needle remover, and a handy travel pouch.

## Modern Veterinary Therapeutics

### Canine Parvovirus Antigen Test Kit

An easy to use immunochromatographic test for the qualitative detection of canine parvovirus antigen in canine feces.

- Two year shelf life
- Room temperature storage
- Small sample volume
- Detection of pathogenic strains of CPV
- Highly sensitive and specific
- Fast results within 5 min
- Simple and easy to use

Available in 10 tests.

### One-Step Heartworm Antigen Test Kit

An easy to use immunochromatographic test for the qualitative detection of *Dirofilaria immitis* in canine serum, plasma, or whole blood.

- One Step only
- FREE Confirmatory Test
- Two Year Shelf Life
- Room temperature storage
- Highly purified antibodies produced by biotechnology for the detection and capture of heartworm antigens
- Highly sensitive and specific
- Fast results within 5 minutes
- Simple and easy to use
- Works with serum, plasma and whole blood
- Small sample volume (80ul)

Available in 10 tests, 100 tests.

### Heartworm Antigen Test Kit

An easy to use immunochromatographic test for the qualitative detection of *Dirofilaria immitis* in canine serum, plasma, or whole blood.

- Free confirmatory test
- Two year shelf-life

# DIGICARE ANIMAL HEALTH

## Patient Monitoring & EMR

### LifeWindow® One

LifeWindow One is a small but mighty veterinary patient monitor weighing less than 3lbs. While being a full featured patient monitor, its compact size allows it to fit in small spaces and/or be easily transported from room-to-room. It is a great device for practices with limited space, pre-op, post-op, emergency, mobile practices and more.

- Auto orientation allows the device to be used vertically or horizontally
- Protective boot provides additional protection from damage
- Mounting options include:
- Rolling Stand
- IV Pole Bracket

Veterinary modules include veterinary specific algorithms designed for the most complicated cases (yes even on cats and exotics). Available options include: 3/5 lead ECG, pulse oximetry, non-invasive blood pressure, CO2 w/anesthetic agents, and temperature.

#### Features and Benefits

- Highly Configurable
- Customer can choose up to 4 parameters plus temperature and Wi-Fi
- Easily add parameters to the monitor later
- Plug and Play SpO2, CO2 and temperature ports
- Wi-fi
- iPad and iPhone App
- Up to a 7-hour battery
- User friendly
- Capacitive touchscreen allows for quick transitions between different menus
- Monitor boots in less than 10 secs
- Audible and visual alarms alert in low, medium, and high priority
- Monitor stores settings for specific patient type and size

### LifeWindow App

#### Features and Benefits

- Control all settings
- Display 3 waveforms
- 96 hours tabular trends
- Print up to 2 hours of ECG waveform
- Easily Air print and email records
- Monitor must be ordered with Wi-Fi

**ECG and Tubular Reports:** Select and view all records. Organized by date and time. Allows for records to be exported: air print enabled printer or email. Easily delete unwanted records.

**Tabular Reports:** Patient trends recorded every 30 seconds, interval update. Report includes patient name and ID, notes, numerical vital signs for all parameters

### CentralVue CV10x

#### Multi-Patient Telemetry System

##### Features and Benefits

- ECG recorder
- 48-hour ECG recording
- Select any portion of ECG waveform
- Zoom in
- Measurement tool

### Infusion Pump IP41x)

- Highly Accurate Infusion
- Auto Calibration
- Occlusion Alarms
- Customizable Drug Library
- Multi-function Operation
- Can be mounted to an IV pole or cage

### SedStation

#### Improving Anesthesia Safety

The SedStation is an intelligent veterinary anesthesia workstation that continuously or intermittently administer a mixture of gases, varying the proportion of gases in order to control the patient's level of consciousness. The gases in the mixture are oxygen, air, and an anesthetic vapor.

With it's built in automatic mechanical ventilator, it facilitates spontaneous, mandatory, or assisted ventilation while using these gas mixtures.

Lung function assessment and advanced airway measurements further increases anesthesia safety. The auto mode simplifies ventilator settings and doesn't require a vast knowledge of mechanical ventilation to operate.

**Miltex**

### Instrument Prep Enzyme Foam

For precleaning of soiled instruments and scopes (rigid & flexible). Ideal for where instrument cleaning is not immediately available. Active enzymes work to breakdown blood, mucous and other bio burden for reduced cleaning time. No water dilution required. Easy and safe on metals, plastic and rubber materials. 24 oz. spray bottle jar

### Surgical Instrument Cleaner

For surgical instruments, glassware, plastic, metal, or rubber goods. Neutral pH, biodegradable, free rinsing without residue. Phosphate-free formula can be used in ultrasonic cleaners and as pre-soak. Concentrated liquid in 8 oz. bottle makes 32 gallons of solution.

### Instrument Stain Remover

Special powdered formula removes stains and tarnish, restores luster to surgical instruments, autoclaves, ultrasonic cleaners, stainless steel counter tops, trays and stands. 3 oz. jar

### Spray Lube

Non-silicone based surgical instrument lubricant. Steam permeable, non-greasy, anti-corrosive. Use on box locks, screw locks, scissors blades, all moving parts. Apply after cleaning and before autoclaving. 8 oz. pump spray bottle

### Disposable Biopsy Punch

50 Per box  
2 mm, 3 mm, 4 mm,  
5 mm, 6 mm, or 8 mm

### Instrument Cleaning Brush

## **Vetario Portable Intensive Care Unit - ICU**

*Critically ill animals and birds need a safe, warm enclosure to protect them from hypothermia and shock for the fastest recovery.*

With these portable ICUs, it's easy to provide hygienic, temperature controlled recovery with or without the medical options. All ICUs are robust, reliable, easy-to-use, and can be set up quickly for emergency cases.

### **Features:**

- Accurate and adjustable temperature control
- Smooth, easy-to-clean interior
- No vulnerable edges for animals or birds to chew
- Tough, clear hinged door with secure catch
- Cabinet protected by special antimicrobial protection
- Choice of sizes suitable for a wide range of species
- Low weight for easy carrying
- Additional features available such as external humidity pump and oxygen port on certain models
- 3-year guarantee

### **Typical Applications:**

- Perioperative care
- Recovery unit for hypothermic and injured animals
- Intensive care unit for animal breeder
- Wildlife rescue and recovery

The elevated oxygen levels which can be so beneficial to patients' recovery also introduces the hazard of much easier combustion and higher risk of fire. The Vetario T40M and T50M models have been designed to control this risk have been independently tested by BSI (British Standards Institute) for product safety and are classified as RX (prescription) products under USA FDA guidelines and are suitable for use by veterinarians only. Oxygen should never be added to intensive care units which are not designated as Oxygen Safe.

12" x 18"

## STERILIZATION

### CrossZyme™

### Concentrated Enzyme Ultrasonic Cleaner/Presoak

MADE IN THE USA

• Enzymes enhance removal of blood and proteinaceous body fluids.

• Cleans and rinses effectively over a wide range of concentrations.

• D-Limonene boost dissolves organic materials.

• Powerfully chelated for improved performance in hard water conditions.

Gallon

## EZ-Zyme

EZ-Zyme is a liquid concentrate. One packet makes a gallon of cleaner. Each box makes 32 gallons of a highly effective instrument presoak, ultrasonic and evacuation cleaning solution. 32,  $\frac{3}{4}$  oz. packets

### JorVet Autoclave Tape

#### Steam

J1495B 12 mm x 55 mm  
J1495A 18 mm x 55 mm  
J1495 24 mm x 55 mm

## Instrument Milk

Nonsilicone base lubricant and rust inhibitor helps prevent discoloration, electrolytic mineral deposits, build-up of baked on protein. Gallon

## Mayo Table (Chrome)

Plus tray

## Cold Sterilization Tray

Three piece soaking and sterilization set is ideal for cold soaking instruments. The perforated tray can be lifted out of any solution.

- Stainless steel latches seal the tray
- Can be autoclaved up to 300° Fahrenheit
- Red fiberglass reinforced plastic
- Two sizes

**J-369** 9 3/4" L × 6" W × 4 1/2" H

**J-369L** 17" L × 11" W × 6" H

## Sterilizing Trays

These autoclavable trays use a silicone pegged mat that allows the instruments to be placed in any configuration the surgeon desires. The instruments are easily located in the tray. The whole tray is wrapped and then autoclaved. Instruments not included.

### Autoclavable Double-Layer Instrument Tray

**J-41t** 10" × 6"

**Small Tray** **J-664t** 6 1/2" × 4"

**Large Tray** Will hold a spay surgery pack.

**J-665** 15" × 10" × 1"

### X-Large Tray

**J-665L** Two layers. 15" × 10" × 2 1/2"

### Rigid Endoscope Tray

**J-666** Two silicone bars hold scope in safe carrying/storage case. 16" × 2 1/2" × 1 1/2"

Autoclavable Double-Layer Instrument Tray (Tray Only)

Small Tray (Tray Only)

Rigid Endoscope Tray

## Endoscope Soak/Storage Tray

Most rigid endoscopes should be immersed in sterilization solution for 15 minutes before use. This tray consists of a perforated soaking basket that holds the endoscope and is lifted out after proper soaking. Made of fiberglass reinforced plastic that can be autoclaved up to 350°F. Also comes with a cover. 36"

**J-366L** **Tray:** 24" × 8" × 5 7/8"    **Basket:** 24 1/2" × 6 3/8" × 4 3/4"

**Cover:** 24" × 8" × 1/2"

## Stainless Steel Instrument Trays

*Note: Tray measurements reflect inside dimensions at shortest point. This is different from other manufacturers.*

**Instrument Tray** with recessed handle on lid. Cold sterilization.

**J-392a** **Top:** 10 1/4" × 6 3/4" × 2"    **Bottom:** 9" × 5 1/2" × 2"

**J-392b** **Top:** 12 1/4" × 8" × 2"    **Bottom:** 10 1/2" × 6 1/4" × 2"

**Instrument Tray** with strap handle on lid.

**J-393a** **Top:** 10 1/4" × 6 3/4" × 2"    **Bottom:** 9" × 5 1/2" × 2"

**J-393b** **Top:** 12" × 7 3/4" × 2 1/4"    **Bottom:** 10 1/2" × 6 1/4" × 2"

**J-484m Deluxe Bovie Electro Surgery Unit**

This is a top-of-the line Electro surgical unit made by the original Bovie Company. They first invented the Electro surgical unit in the 1920s. The complete table top unit is fitted with veterinary specific equipment.

Five modes: cutting, cutting/coagulation, coagulation, fulguration, bipolar.

- User has option of handpiece finger switch or foot control
- Rotary dial operates power; shown in 1 watt increments via LED readout
- Reusable body pad (ground plate)
- Built-in bipolar (requires optional foot pedal)
- Five  $\frac{3}{32}$ " electrodes; interchangeable with other same size brands
- 10 $\frac{1}{4}$ "W x 5 $\frac{1}{2}$ "H x 10"D, 14 lbs.
- U.L. approved

Accessories Included:

- Two Disposable Handpieces (J-484md1a).
- Autoclavable Handpiece (J-484md1c).

**J-166rm Mini Respiratory Monitor**

This tiny—smaller than a cigarette pack—monitor makes a great apnea alert monitor. The small microprocessor beeps with every breath with a very high sensitivity.  $\frac{1}{2}$ "W x 2 $\frac{1}{4}$ "L x 1 $\frac{1}{2}$ "D.

- **Easy to use.** Just connect between endotracheal tube and anesthesia circuit.

**No adjustments.** A sophisticated algorithm will recognize and indicate with a beep every breath. It will work on a 1-pound kitten up to a 200-pound St. Bernard.

- **Apnea alert.** If your patient fails to breathe for 45 seconds, a distinctive apnea alert will sound.
- **Auto shut-off.** If you forget to turn it off, it will turn itself off.
- **Battery.** A high density long-life lithium battery will provide years of service.

**Doppler Ultrasonic Blood Flow Monitor****J-563 Complete Unit** with small, flat probe

Non-invasive blood pressure monitoring. Hypertension (high blood pressure) is often overlooked during diagnosis, treatment, and routine physical exams in small animals. In addition, many hypotensive (low blood pressure) patients, such as those suffering from shock, benefit greatly from Doppler measurement of blood pressure when knowing the pressure can mean effective and timely treatment.

Combining Doppler with an appropriate size "cuff" for small animals, provides the veterinarian with the same, non-invasive method for testing blood pressure as is available in human medicine.

A small probe is placed over a peripheral artery (e.g., digital or coccygeal). An ultrasonic crystal in the probe transmits pulse wave sounds back to the amplifier. The pressure cuff is then placed proximal to the probe. The cuff is inflated until the pulse sounds are no longer audible. The cuff is slowly deflated, using the manometer, until pulse sounds are audible once more, at which point the manometer displays a numeric value of the animal's systolic pressure.

- Lightweight, hand-held unit
- High-quality, veterinary-specific sphygmomanometer
- Comes with two cuffs (2.5 cm and 5.0 cm)
- Runs on 9-volt battery (included)
- Headset included
- Complete with carrying case

## Doyen Forceps

### **Curved (J-135c)**

Excellent for ear cropping. 4" jaws. Stainless. 9".

### **Straight (J-135s)**

Stainless

## Buck Ear Curettes

**J-49f** Straight. Stainless. 6"

**J-49fg** Straight head. German. 6"

**J-49g** Curved head. 6"

## Double Ended Disposable Ear Curettes

These curettes are great for cleaning and help in examining ears. Three different configurations in a single pack. All three are 7.5" (19 cm) long.

- Double-ended: efficiency and cost savings
- Position indicators – tells the location of the loop when out of view. This facilitates guidance and positioning.
- Flexible tips-allows for comfortable insertion
- Non-sterile

Shapes: Mini loop (for hardened wax), curve-loop, and small loop

**J1059** Set of all three (3 total)

**J1059a** Small scoop double ended 3pk

**J1059b** Curve loop double ended 3pk

**J1059c** Mini loop double ended 3pk

## Earcrop Cartilage Scissors

Heavy-duty scissors with one serrated edge. Stainless. 6½".

**J-49s**

**HSB** Veterinary Supply Inc.

**Large enough to serve...  
Small enough to care.**

## StaySafe Self-Sealing Bottle Closures

This patented product allows a luer slip syringe to repeatedly withdraw oral liquids from plastic amber pharmacy bottles. The StaySafe is pressed into bottle opening.

Features flexible sealing rings for compatibility with a range of bottle sizes. Size 24 fits snugly into most bottles with necks in its I.D. (inner diameter) range of 15.5mm-18.25mm.

Bottles should be selected for smooth inside necks sized with the stated inner diameter range. A smooth neck optimizes the ability of the closure to provide an effective seal. 50 per pack

SKU	Size	Min	Mid	Max
<b>J1080a</b>	20mm	12.6	13.9	15.3
<b>J1080</b>	24mm	17.9	18.7	19.5
<b>J1080b</b>	28mm	20.2	20.8	21.4

## IV Catheter Guard

Made of a thin lightweight flexible plastic with holes for air circulation. Held in place by velcro straps that wrap around the limb. Rough surface of the velcro deters

licking. Straps are reusable, but also inexpensive to replace if damaged. Soak or gently scrub with disinfectant solution or bleach between uses. Four sizes available.

#### J-644 Small Cats and Small Dogs

#### J-644a Medium - 20-40 lbs

#### J-644b Large - 40-80 lbs

#### J-644c X-Large - 80+ lbs

#### J-644s Set of all four sizes

**Infusion Stand,  
Clutch Collar**

Improved model with base ring for additional stability. Two hooks and clutch collar height adjustment, on 2" casters.

**Cochran IV Splint**

For the problem of administering continuous or uninterrupted IV drip to an unattended small animal patient. The cephalic vein is easily occluded when an animal is in a sternal position with the elbow in flexion. This splint allows the animal to lie comfortably and ensures a continuous IV flow. Enables you to extend the patency and longevity of an IV catheter and administer a more continuous and even flow of IV fluids to critically ill patients.

**J-267a Small** For felines and canines under 10 lbs.

**J-267b Medium** 20 lb. canine

**J-267c Large** 40 lb. canine

**J-267d X-Large** 60 lb. and above

**J-267s Set of 4**

## FLUID ADMINISTRATION

**Fluids**

- Integral hanger slot provides added safety, ease of use
- Bold labeling on container permits rapid identification of fluid contents
- East-to-read graduations on both sides of container facilitate determination of infused volume
- Short, sturdy medication port aids in uniform mixture of the drug with the solution; allows for visualization of the needle and tip during insertion and injection, minimizing the chance of container punctures
- Prominent display of expiration date
- Long administration port allows a firm grip when inserting the administration set, reducing the chance of touch contamination
- Administration port protector helps ensure aseptic technique by guarding the administration port until the time of use

**LAB EQUIPMENT**

**Heparinized Tube** – Pre-calibrated tube marked with black calibration at 60 microns (micro meters). **J542**

**MicroHematocrit Capillary Tube** – For both safe blood collection as well as microhematocrit determination. Packaged in protective snap cap vial.

**Red Tip** – Heparinized tube. 100 tubes/vial. **J543**

**Blue Tips** – Plain tube. 100 tubes/vial. **J544**

**Sealing Clay Tube Sealer & Holder** – Disposable, plastic holder with special clay-like substance. Holds up to 48 capillary tubes identified by numbers. **J545**

**Card-Type Hematocrit Tube Readers** –  $4\frac{1}{4}'' \times 7\frac{1}{2}''$ , vinyl laminated plastic. Use with any sealed or capped 75 mm tube. Base line below tube allows direct reading of sealed tubes.

**J501E**

**Coplin Staining Jars** Plastic. **J814**

**Clinical Refractometer** – Clinical hand-held refractometer. Quick & accurate urine specific gravity plus serum total protein measurements. Adjustable focus. Temperature compensated. Protective case. 7" L. **J351**

**Centrifuge Tubes** – Disposable, graduated. 15 mL. Conical bottom. Polystyrene. Box of 100. **J546A**

**Neubauer Hemacytometer** – Designed especially for counting blood cells with the “unopette.” Double rulings are visible through a wide range of illumination. Neubauer rulings are 0.1 mm below cover glass. The “H”-shaped moat offers two counting areas. Fused rhodium on glass provides distinct lines. **J821**.

**JorVet Dip Quick Stain** – For use in blood cell differential counts or general cytology stain. Gives coloration similar to standard Wright-Giemsa stain. Rapid 3-step procedure can be done right in the wide-mouth 180 mL container in 15 seconds. Bulk refills can be purchased.

**Introductory Kit.** One 180 mL wide mouth bottle of each of the 3 different components. **J322**

**Bulk Refill Kit.** 500 mL each of the 3 different components. **J322A**  
**Fixative.** 500 mL. **J322A1**

**Component #2** red stain. 500 mL. **J322A2**

**Component #3** blue counter stain. 500 mL. **J322A3**

**JorVet Gram Stain Kit** – Many uses (i.e.: quick check on a swab from a severe otitis or a stain from an isolated culture). Four 250 mL bottles. **J323**

*Note: Gram Stain method does not allow the microscope slide to be dipped right into each bottle of stain.*

**New Methylene Blue** – For many veterinary applications, from reticulocyte count to estrus vagina smears. 250 mL. **J324**

**UltiCare iPet Pro Blood Glucose Monitoring System Kit** – For dogs & cats. Large LCD screen and memory which stores up to 500 test results. Includes: 25 test strips, glucose chip, lancing device, 30 lancets, control solution, carrying case, user manual, quick reference guide, logbook.

**UltiCare iPet Test Strips.** 25 count or 50 count.

**UltiCare iPet Control Solution.** 4 mL, 2 count.

**MISCELLANEOUS****Bovie Disposable Cautery Unit**

**Multistix 10-SG** – Test for ph, protein, glucose, ketone, blood, bilirubin, urobilinogen, nitrate, leukocytes, specific gravity. 100 per bottle.

**Penlights – Disposable** – White, disposable penlight has pre-focused bulb and clip-switch. 6-pack includes 2 “AAA” batteries.

**Silver Nitrate Applicators** – Mixture of 75% silver nitrate and 25% potassium nitrate. Reuseable foil pouches to ensure moisture control and lasting freshness.

**Thermometers** – Digital Thermometer with beep.

**Alcohol Dispensers** – Handy pump bottle. Great in the exam room for alcohol wipes pre-injection in vaccinations. 8 oz. amber polypropylene bottle.

**DTM Dermatophyte Culturing System™** – Large mouth vial. Easy to use: Inoculate medium with hair, nails, or skin samples and incubate at room temperature. Accurate: an orange to red color change will occur in the presence of dermatophytes in as few as three days. Common dermatophytes: microsporum canis, microsporum gypseum, trichophyton mentagrophytes, trichophyton tonsures, trichophyton rubrum, epidermophyton floccosum, trichophyton terrestris. Box of 10.

**Medical Imaging Assistance Ultrasound Gel**

Electroconductive gel used to facilitate the ultrasonic pulsed echo imaging system. Acoustically correct for a broad range of frequencies. Aqueous, will not stain clothing or damage transducers. Fragrance free. Bacteriostatic and non-irritating. Non-greasy. 5 liter jug.

**BLOOD COLLECTION/ TRANSFUSION****Serum Separation Tubes – Corvac**

Available in 5 mL, 7 mL or 10 mL. Box of 100.

**Vacutainers**

2 mL, 3 mL, 5 mL, 7 mL or 10 mL. Red or lavender.

**Quick-Lock Tourniquet**

**J-130** With 32" neoprene cord.

**Neoprene Cord** – **J-130R** 32" for tourniquet.

**450 mL Single Collection Unit Prefilled CPDA-1**

CPDA-1 is the anticoagulant of choice in human blood banking. After collection, stored blood will have a 35-day shelf life. Bag comes with 16 g diamond point non-detachable needle plus double spike ports. **J-520**

## HEARTWORM & FECAL DIAGNOSTIC AIDS

**Fecalyzer Kit by Vetoquinol** – Fecal analysis system. Box of 50.

**Fecatector** – Fecal analysis system. Box of 50.

**Fecasol Solution** – Per gallon.

**Fecal Kits-Ovatector** – 100 each: Fecal collection containers, floatation cylinders, strainers and application sticks. Also includes a special marking pen.

**Fecal Cups** – Fecal collection containers. Box of 100.

**Fecal Loop** – Reusable plastic loops. 4.5" or 9".

**Sheather's Sugar Floatatin Solution** – Media with gravity of 1.27, high enough to float any ova.

J-1028 500 mL bottle

J-1028g Gallon

## STETHOSCOPES

**3M Littmann CORE Digital Stethoscope** – Snap tight, soft sealing eartips conform to ears for excellent acoustic seal and comfortable fit. Up to 40x amplification at peak frequency (125 Hz), vs. analog mode and active noise cancellation to reduce background noise. Quickly toggle between analog and amplified listening modes; and use the tunable diaphragms on both sides of the 2-sided chestpiece to hear high/low frequency sounds. Connects to Eko software (subscription required; more at [ekohealth.com/ai](http://ekohealth.com/ai)), allowing you to visualize heart sound waveforms in real time. Use AI to aid in the detection of heart murmurs.

**3M Cardiology IV Stethoscope** – Tunable diaphragm: High or low frequency by slightly adjusting pressure on the chest-piece. Dual-lumen tubing: 2 sound paths in 1 tube eliminates the rubbing noise of traditional double tubes. Angled eartubes align with ear canals. Made in USA. *Call for colors.* 7 year warranty.

**3M Master Cardiology Stethoscope** – 27"

**3M Master Classic II Pediatric Stethoscope**

**3M Master Classic III Stethoscope**

**3M Esophageal Stethoscope** – Attaches to standard stethoscope 20" L. 12 FR, 18 FR, or 24 FR.

**3M Littmann Stethoscope Ear Tips**

Soft sealing. Black or gray. Per pair.

**3M Littmann Stethoscope I.D. Tags** – Black or gray.

**3M Stethoscope Spare Parts Kits:**

Cardiology III – Black or grey.

Cardiology II S.E. – Black or grey.

Master Cardiology – Black or grey.

Classic II Pediatric Diaphragm Assembly

Classic II Infant Assembly

Classic III – Black or grey.

Cardiology S.T.C. – Black.

Lightweight II S.E. – Black or light brown.

Master Classic – Black or grey.

## BLOOD GLUCOSE MONITORING

*Blood Glucose Monitoring System for Dogs and Cats*

**PetTest Meter Kit Box** –

- One-button switch between dogs & cats
- Five (5) seconds test time
- No coding key required
- Extremely easy to use
- Accurate and precise

*Kit includes:* Meter, carrying case, 10 PetTest strips, 10 lancets, control solution, lancing device, (2) AA batteries, user's guide and quick start guide.

**PetTest Strip Box, 50 count**

20 box/inner pack; 20 packs/case.

**PetTest Control Solution, Level 1**

4 mL bottle.

**PetTest 21G Twist-top Lancets**

Sterile twist-top lancets, 50/box.

**Advocate Lancing Device**

Adjustable depth selection – 5 settings.

**PetTest Safety Lancets 21G**

21 gauge x 2.4 mm, 200/box.

## DIGITAL CAMERA

### MiniVid Camera

Configured with USB port connection to the computer. 3 megapixels.

- Includes IBM/Windows compatible software
- Captures images to digital file for archiving and transmission
- Allows comparison of normal versus abnormal cases

**J-822QMS5** MiniVid Camera

**CROSSTEX®**

**ULTRA GAUZE™**

**4-Ply Non-Sterile • Non-Woven General Use**

Manufactured with material that uses APEX® technology. Using state-of-the-art laser imaging techniques, fabrics are created with unique textile-like properties with the look, feel, strength, and durability of traditionally woven or knit fabrics with added absorbency.

- More absorbent than traditional sponges
- Maintains shape and texture during use
- Produces little or no lint
- Easily releases from incision/extraction sites
- Will not stick to surfaces
- Ideal for cleaning and/or prepping

2×2" - 5,000/case

3×3" - 4,000/case

4×4" - 2,000/case

## JORVET

### Elastic Tape

Similar design to Elastikon® from J & J but at considerable savings. This stretchable tan woven fabric is a very familiar looking tape with red centering line. 5 yds in length.

J858 2" 6 rolls per box  
 J858A 3" 4 rolls per box  
 J858B 4" 6 rolls per box

### Porous Tape

High quality "athletic" white, porous cloth tape that can be torn easily. Compares to Johnson & Johnson Zonas Tape.

J820AN 1" 12/rolls  
 J820BN 2" 6/rolls

## SENSIWRAP

### Self Adherent Bandage

*Compares to CoFlex and Vetrap*

- Lightweight, sticks to itself not to other materials or skin
- Easily torn without scissors
- Individually poly bagged
- Will not slip
- Available in an assorted rainbow pack

2" 36 rolls • 3" 24 rolls  
 4" 18 rolls

## Jorvet™

### Gauze Roll Bandage

Single-ply cotton gauze bandage conforms to a wide range of uses around the clinic besides the normal wound bandaging. Thick 28 x 24 mesh covered in paper. 10 yd L. 12 rolls/pk.

**Applications:** Wrapping over primary dressings; simple muzzles; tying endotracheal tubes during intubation; surgical tie downs.

J0888 1" W/dozen  
 J0888b 3" W/dozen

J0888a 2" W/dozen  
 J0888c 4" W/dozen

### Disposable Drape Material

The best value in drape material. This water repellent, soft material can be cut to any length and then autoclaved repeatedly. Fan-folded in a colorful slotted dispensing box. 36" x 100 yards.

## dynarex

### Porous Tape

*Compares to Zonas and Covidien*

1" x 10 yds., 12 rolls  
 2" x 10 yds., 6 rolls

### Elastic Tape

*Compares to Elastikon*

1" x 5 yds., 12 rolls

## JorVet™ Circulating Water Pump

- Audible Alarm: low water, tilt open sensor and high temperature
- Dual thermostats for safety
- 10"(h) x 7" (diameter) weighs 6lbs.
- 50 oz. Water reservoir
- Can use tap water
- 1 year warranty
- Self-sealing connectors for no water leakage
- Includes 8 feet of connecting hose
- Micro Processor Control
- Digital LED Readout
- Flow rate 15 gallons/hour

**J-783x**

## Maxitherm Vinyl Blanket

Circulating pads and blankets come in convenient sizes with a choice of two materials. Circulation is up to 3 times faster than other flow patterns. JorVet's random flow design yields faster, more effective circulation, resulting in even temperature distribution. The self-sealing connectors are set up in just a snap. The pads are easy to wipe clean. **J0784ax** Small: 16" x 20"  
**J0784bx** Medium: 20" x 29"

## VacuForm

### Patient Surgical Positioners

- High strength polyurethane construction for long life.
- Inside are microballs of polystyrene beads
- After placing the patient on mattress, the air is removed via a valve creating a vacuum with a customized surface each and every time.
- Wipes clean with mild soap and water

**J-1285P** Small pump All sizes include a small vacuum pump.

## WAHL® Professional Clipper and Trimmer Kits

### Chromado Lithium Cord/Cordless Clipper

Lightweight, cordless clipper for grooming feet, face, and finish work on all dog breeds. Also for light body clipping on small, medium dog breeds; cats; bridle path, ears, muzzle, and fetlocks on horses; and trimming and show cuts for goats, pigs, and cattle. 90-minute run time. Lithium ion battery. Constant speed control delivers more power and torque in tough grooming areas. 5-in-1 blade included; easily adjusts between sizes #9, #10, #15, #30, and #40.

**Creativa Cordless Clipper** – Lightweight clipper ideal for grooming the feet, face, and finish work on all dog breeds, cats, and other pets; can also be used for clipping bridle path, ears, muzzle, and fetlocks on horses and for trimming goats, pigs, and cattle. Each battery has a 120-minute run time and requires 75 minutes to charge. It offers an ergonomic design and constant speed control to deliver more power and torque in tough areas; includes a 5-in-1 adjustable blade which easily adjusts between cutting lengths of #9, #10, #15, #30, and #40.

**KM Cordless Clipper** – Lithium Ion battery provides 2 hours of cordless run time. Cord/cordless capability. Quick Charge gives 15 extra minutes of clipping for every 10 minutes it charges. Ergonomically designed. Includes a #10 Ultimate Competition series blade for faster, smoother clipping. Constant Speed Control automatically delivers more power and torque in tough areas. Two powerful speeds: 3,000 & 3,700 SPM. Backed by a 5 Year Free Warranty.

**Figura Lithium Ion Cordless Clipper** – Ideal for all coat types. Offers professional power with up to 6,000 strokes per minute and 90 minutes of run time. Clipper requires 180 minutes of charge time with an optional 10 minute quick charge for an additional 5 minutes of runtime. Features 5-in-1 blade technology with adjustable blade sizes #9, #10, #15, #30, and #40. Slim, quiet, and lightweight with a unique curved design to fit comfortably in your hand while grooming. Includes clipper, 5-in-1 detachable blade set, charge stand, four attachment guide combs, 9-inch storage case, cleaning brush, blade oil, and instructions.

**Purple BravMini+** – *Includes:* Cordless trimmer, detachable #30 blade, 1 adjustable attachment guide comb, charge stand, cleaning brush, blade oil, instruction book. 100 min. run time; 12 hour full charge. 5350 SPM.

**KM10 Clipper** – *Includes:* 2-speed brushless-motor clipper with extended motor life of greater than 10,000 hours, #10 blade, oil, and instructions. Ergonomic/lightweight body. 3000 and 3700 RPM.

**Arco SE** – *Includes:* Cordless clipper (Champagne), non-adjustable #45 blade, 2 drop-in NiMH rechargeable batteries, charging base w/ indicator light, 4 plastic attachment guide combs, cleaning brush, blade oil, instruction book. 80 minute run time; 75 minute full charge. 5500 SPM. Can use a 5-in-1 blade. Available in pink and purple.

**Bravura Lithium** – *Includes:* Cord/cordless clipper w/battery indicator light, 5-in-1 blade set with 5 adjustable sizes (#9, #10, #15, #30, and #40), 4 attachment guide combs, charging stand base, cleaning brush, blade oil, instruction book. Integrated Rapid Power. 90 min. run time. 180 minute full charge time. 5000 SPM.

**MiniArco** – *Includes:* Professional cordless trimmer, detachable #30 trimmer blade, 2 attachment guide combs, charger, cleaning brush, blade oil, and instruction book. 45 min. run time. 8-10 hour full charge time. 6000 SPM.

**Black Chrome Super Pocket Pro, Battery Trimmer** – *Includes:* Compact trimmer w/#40 blade, bonus #40 T-blade, 6-position attachment comb, 2 attachment combs, travel pouch, oil, blade guard, cleaning brush, 1 AA battery & instruction book.

**Vetiva Mini** – Ultra lightweight, premium trimmer for the toughest grooming, surgery prep/IV prep, and wound care situations. Quiet, blades simple to change. Seamless housing easy to sanitize. Trimmer battery lasts 2 full hours. Use corded or cordless. Speed control increases blade speed to overcome blade jams and stalling when trimming in difficult situations. Corrosion resistant and designed to hold up to the toughest jobs. Blade is simple to put on and take off with one hand. Easy clean feature that helps with hair removal and sanitation. The precision shape of the blade for hard-to-reach spots and cuts at a surgical #45 cut length.

**KMC+** – Long-life brushless motor that runs at 2 high-speed settings: 3,700 & 4,500 RPMs. Textured housing design ensures secure grip for maximum comfort and control. Constant Speed Control automatically adjusts the motor to power through matted and dense coats. Corded and cordless operation, 2-hours of cordless runtime, and a quick-charging lithium-ion battery.

**Fidela Trimmer** – Cordless, lightweight and slim for increased control and maneuverability. Smart charge function with LED to indicate charge status and convenient USB charging. Includes 3 guide combs.

**KM Velocity Clipper** – 3 high-speed settings and slip-resistant grip. Patent-pending LOCKGUARD technology prevents the hinge from closing so you can switch blades with ease.

## Foam Padded Plastic Splints

  
 Strong, lightweight plastic padded with foam; can be contoured at distal end with addition of moderate heat; modified cutout for carpal pad. Radiolucent—will not interfere with x-ray. Familiar green color.

Small    8" long    1" wide  
 Medium   12" long   1½" wide  
 Large    16" long   2" wide

## Specialist Cast Padding

2" x 4 yds., 24 rolls per bag  
 3" x 4 yds., 12 rolls per bag  
 4" x 4 yds., 12 rolls per bag  
 6" x 4 yds., 6 rolls per bag

## Jacobs IM Pin Chuck

New design on the standard instrument for introducing bone pins. An open slot is cut into the handle permitting visibility of the pin as it rests in the chuck. This saves surgery time by allowing the surgeon to check pin depth without having to remove the chuck. The stainless Jacob's accepts K-wires as small as 0.035" and pins as large as ¼". The handle and extension piece are a lightweight aluminum alloy. 10½" length, key included. **J-214L**

## **dynarex** Cast Padding

2" 20 rolls  
 3" 20 rolls  
 6" 20 rolls

## Casting Tape

2" 10/box  
 3" 10/box

## SAM SPLINT

Lightweight, radiolucent immobilization device of closed-pore, foamed, coated, malleable aluminum. Familiar blue and orange color scheme. Washable. Easily cut with ordinary scissors. **J0289** Roll, 2" x 4½"

## Stockinette

2" x 25yds  
 3" x 25 yds  
 4" x 25 yds  
 6" x 25 yds

## VETCAST PLUS Casting Tape

Good for difficult applications where light cast weight is important and extra strength is necessary. Quick curing time: 3-5 min. Comfortable. Tape is porous to reduce itching and odor. Water and urine resistant.

2" x 4 yds. 10 rolls per box  
 3" x 4 yds. 10 rolls per box  
 4" x 4 yds. 10 rolls per box  
 5" x 4 yds. 10 rolls per box

## Synthetic Stockinet

A porous, knit sleeve that sheds water and reduces maceration.

1" x 25 yds. 1 roll  
 2" x 25 yds. 1 roll  
 3" x 25 yds. 1 roll  
 4" x 25 yds. 1 roll

## Synthetic Cast Padding

A water-shedding cast padding for general orthopedic use.

2" x 4 yds. 20 rolls per bag  
 3" x 4 yds. 20 rolls per bag  
 4" x 4 yds. 20 rolls per bag

## **PINS & WIRE**

### **Cerclage Wire**

Fine quality cerclage wire on autoclavable nylon spools.

**J-260A** 18 g × 10 m

**J-260B** 20 g × 10 m

**J-260C** 22 g × 10 m

**J-260E** 26 g × 10 m

**J-260D** 24 g × 10 m

**J-260F** 28 g × 10 m

### **Cerclage Wire Eyelet**

With pre-formed eyelet. 6 per pack. 12". **J-260AL** 18 g **J-260BL** 20 g **J-260CL** 22 g

### **Large Cerclage Wire Twister**

Will work with any size wire. For cerclage, hemicerclage or tension band wiring. Stainless. 7" L. **J-215L**

### **Cerclage Wire Tightener for Loop-Style Cerclage Wire**

Velvet finish. German made. 5"

**J-218LD**

### **K-Wire Cutters**

With tungsten carbide inserts.

Cuts wire up to 2.5 mm. 8½" L

**J-220BA**

Cuts wire up to 2.2 mm. 9" L.

**J-220BB**

## **KITS**

### **CCL Suture System Starter Kit**

*Kit includes:*

- Crimping forceps (J-710)
- 5 pkg. crimp tubes and 80 lb. line (sterile) and 5 pkg. crimp tubes and 50 lb. line (sterile)
- Bone tunnel borer (J-236t)
- Small-eyed graft passer (J-236se)
- Procedure instructions on CD-ROM

**J-710s** Deluxe Starter Kit

### **Meniscus Surgery Kit**

*Kit includes:*

- Meniscus probe 1mm tip (J-710NA)
- Hohman retractor 12mm (J-235A)
- Super Mini Hohman retractor 4mm (J-235MA)
- Stifle retractor (J-240)
- Small stifle retractor (J-240WA)
- Microtooth meniscus clamp (J-236H)
- Microscalpel scalpel handle (J-890)
- 5 each Microscalpel scalpel blade #65 (J-891A) and #64 (J-891)
- Surgery tray with silicone pegs
- Cloth wrapper for sterilization

**J-710t** Meniscus Surgery Kit

## **INSTRUMENTS**

### **Rongeur**

German made. Stainless.

### **J-225c Ruskin**

Curved. 3mm bite. 18cm (7").

### **J-225s Ruskin**

Straight. 3mm bite. 18cm (7").

### **J-225L Stille-Luer**

Curved. 8mm bite. 22cm (8½").

### **J-224 Duck-Billed Mini-Rongeur**

This X-small rongeur was designed specifically for use in delicate spinal cord surgery. It is especially effective in removing the final layer of bone overlying the spinal cord in laminectomy procedures. Stainless. 2mm bite. 5¼".

### **J-224f Micro Friedman Ronguer**

Very delicate. 5½" (14cm) curved jaw. 1.3mm W.

### **J-225e Ecklin-Duckbill Rongeur**

Double action. 3mm bite. 8½"

### **Key Periosteal Elevator**

Slightly curved blade. German. Stainless. 190mm. (7½").

### **J-226a Elevator**

Blade, 6mm.

### **J-226b Elevator**

Blade, 12mm.

### **J-226c Elevator**

Blade, 19mm. Recommended for periosteal stripping in foals.

### **U.S. Army Pattern Chisel**

Striking button for easier use with Gerzog mallet. German. Stainless. 17cm L (6½").

### **J-227a Chisel** – Blade, 6mm W.

### **J-227b Chisel** – Blade, 12mm W.

### **Jorgensen Osteotome**

Shorter length for finer control, suggested for femoral head removal. German. Stainless. 13.5cm (5").

### **J-228a Osteotome**

Blade, 10mm W.

### **J-228b Osteotome**

Blade, 16mm W.

### **Gerzog Orthopedic Mallet**

Hollow handle with 16 oz. lead-filled head. 25 × 35mm head. German. 18cm (7¼").

**J-228m** Orthopedic mallet

## Feline Breathe Easy Inhalant Delivery System

J-843

Anodized Aluminum Chamber

Cyclonic Flow

Duckbill Valve

*A great aid in treating feline asthma has been improved!*

The pocket spacer holds a metered dose inhaler (MDI) to deliver medication.

The new pocket spacer is called the Vortex and has three-advantages over other plastic pocket spacers:

1. Anodized Aluminum chamber versus plastic. The anodized aluminum is non-electrostatic and delivers more medication from the MDI to the patient.
2. 'Duckbill' shaped valve designed for minimal aspiratory effort, ensures a low loss of medication.
3. Vortex Cyclonic aspiratory flow pattern enhances aerosol delivery.

### J-843 Feline Breathe Easy Inhalant Delivery System –

Complete kit includes two different sized masks. Directions include suggested treatment regimens.

Cylinder: 4 $\frac{3}{8}$ "H, 1 $\frac{3}{4}$ "dia., 1.3 oz.

#### Replacement Masks –

J-298dd 1" i.d. widest area  $\times$  1 $\frac{3}{4}$ " vertical i.d.

J-298de 1 $\frac{1}{4}$ " i.d. widest area  $\times$  1 $\frac{1}{4}$ " vertical i.d.

## Smart Oxygen™ Portable ICU

#### Features:

- Lightweight metal cage is completely covered with clear vinyl canopy
- Various portals allow administration of oxygen
- Nebulization equipment also included
- Plastic tray covers bottom of unit
- Opens on top and zippered close for tight seal
- 25 lb. patient Capacity

#### Suggested Use:

- Respiratory distress
- Pre and post anesthesia
- Nebulization for treatment of respiratory disease

J-1509

## OT-Elite 10 Oxygen Concentrator

Oxygen concentrators offer an ideal and innovative system for supplying oxygen to anesthesia machines and emergency oxygen needs. An oxygen concentrator filters and concentrates oxygen molecules from the ambient air to provide patients with 90-95% pure oxygen. JorVet has sold oxygen concentrators for over 20 years for veterinary application. There are thousands of veterinary clinics across North America using these concentrators. They are delivering oxygen every day resulting in considerable savings for clinics and a fast return on investment.

#### Features:

- 0-10 lpm
- 6-11 PSI outlet pressure
- Standard DISS fitting
- Digital flowmeter
- Low oxygen concentration alarm
- Sound level  $\leq$ 50dBA
- 25"H  $\times$  15"W  $\times$  12.5"D. 55 lbs.
- 1 year warranty
- 115V AC

J0744ST OT-Elite 10 Oxygen Concentrator

## Oxydome

The Oxydome oxygen hood delivers oxygen to smaller patients either in a cage or out in the open. Made from clear high quality thin medical grade plastic, it is held in place by two cylinder shaped weights. Three inlet holes allow a choice of positioning oxygen delivery. Perforated head opening allows for size variances in patients. Includes connectors and hoses that allow easy connection to oxygen.

J-1289 Complete Oxydome system – Includes 1 dome, weights, 2 oxygen hoses (7 ft. and 25 ft.), oxygen connectors

J-0655 Oxygen hose, 7 ft. 4 pack

## Anesthesia Chamber

The Lexan anesthesia chamber provides a simple method of induction. Chamber induction reduces restraint, minimizing stress and reducing the chance of injury to the operator and animal. The divider system allows three different size chambers within the one unit: 18"  $\times$  9"  $\times$  9", 12"  $\times$  9"  $\times$  9", and 6"  $\times$  9"  $\times$  9". 10 lbs.

Anesthesia

**JorVet™**

## Top Line Anesthesia Machine

- Stainless steel vaporizer end caps versus black plastic (vaporizer not included)
- Top shelf 8.5"D x 21"W
- Heavy duty flowmeter
- Flush valve
- Optional Bain Block
- Plenty of shelf space 11.5"D x 19"W
- Simple toggle switch between non-rebreathing and traditional rebreathing circuits, helps eliminate connection errors and saves time
- Larger capacity soda lime canister
- Can easily support an oxygen concentrator
- 4-point stand for improved

**J0558z** - Top Line Anesthesia Machine w/o Vaporizer

**J0558x** - Top Line Anesthesia Machine w/Oxygen Concentrator Package

**J0558y** - Bain Non-rebreathing Assembly - Safety for smaller patients

## Anesthetic Agents

### Anased

100 mg/mL 50 mL

### Ketamine

10 mL

### Isoflurane

100 mL

250 mL

### Propofol

20 mL

### Sevoflurane

250 mL

## Breathing Tubes

Reusable Quality Black Conductive Neoprene Breathing Tubes

**18001** - Adult  $\frac{7}{8}$ " I.D. 22mm (or  $\frac{7}{8}$ " I.D.) ends 36" length

**18003** - Pediatric,  $\frac{5}{8}$ " I.D.  $\times$  30" long, one end 22mm female, other end 15mm female end fittings are black plastic

## Bickford PC-2 Non-Rebreathing System - Complete System, PC-2A

Chrome plated brass NRB mask elbow directly connected to a 1-liter  $\frac{7}{8}$ " neck conductive rubber breathing bag, PC-2 valve, supply and discharge tubing, and connectors for vaporizer outlet. Assembled and ready for use. **Model 80010**

## Disposable Breathing Circuits

Polyethylene, Semi-transparent: can be cleaned with soap & water and non-solvent cold disinfecting solution for several

**52019 Adult Size**

$\frac{7}{8}$ " I.D.  $\times$  40" length. 22mm end connections, "Y" piece fits mask directly or standard endo tube connector. Elbow not required unless 90° bend desired.

**27392 Pediatric Size**

$\frac{5}{8}$ " I.D.  $\times$  40" length. 22mm end connections, parallel "Y" piece, mask elbow included.

**27393**

Single pediatric Br. tube  $\frac{5}{8}$ " I.D.  $\times$  30" length. 22mm F. one end, bare 5/8" F. other end.

## Endotube Veterinary-size

11 mm  $\times$  18"

12 mm  $\times$  18"

13 mm  $\times$  18"

14 mm  $\times$  18"

## Breathing Bags

Reusable Quality Black Conductive Latex Rubber Breathing Bags

Standard  $\frac{7}{8}$ " bushing neck.  
18900  $\frac{1}{2}$ " liter  
18701 1 liter  
18702 2 liter  
18703 3 liter  
18704 4 liter  
18705 5 liter

## Veterinary-size Endotracheal Tubes

PVC plastic, Murphy eye, inflatable cuff, pilot balloon, inflation valve and connector

I.D. Sizes  
11mm  
12mm  
13mm

## Endotracheal Tubes

Human sizes I.D. 3-10mm in  $\frac{1}{2}$  steps. PVC clear plastic, Murphy eye style with inflatable cuff, pilot balloons, inflation valve and connector. Intended for single use but may be cold sterilized with non-solvent cleaning solutions for reuse

### Endotracheal Tube Rack

Rack keeps up to 20 tubes arranged by size for quick access in any emergency. Attaches easily to most wall surfaces by four adhesive strips or metal screws (included). 12"  $\times$  20.5". 4 lbs. J160C

## Red Rubber Endotracheal Tube

With inflatable cuff.	2.5mm	7.0mm
Red rubber; available in .5mm increments from 2.5 to 11.0mm. Adaptor not included except where specified. Hard-to-find extra-large size now available. Murphy eye.	3.0mm	7.5mm
	3.5mm	8.0mm
	4.0mm	8.5mm
	4.5mm	9.0mm
	5.0mm	9.5mm
	5.5mm	10.0mm
	6.0mm	10.5mm
	6.5mm	11.0mm

## Isoflurane

Nonflammable, non-explosive inhalation anesthesia for horses and dogs. Each mL contains 99.9% isoflurane.

100 mL or 250 mL

## Esophageal Stethoscope

12 FR • 18 FR • 24 FR  
48" Length

## Anesthesia Masks

**Feline:** Small, Medium or Large

**Canine:** Small, Large or XLarge

**Sevoflurane** 250 mL

## JorVet Soda Lime

Carbon dioxide absorbent granules - Minimal dust. No KOH. Particle size: 4-8 USP Mesh. Saturation indicator changes from white to violet.

3 lb. foil lined bag or 5 gallon container

**Cannisters** - Prefilled. 920 grams

## JorVet™ X-RAY ACCESSORIES

### X-ray Aprons

Three different styles are offered. Shoulder pads included. Maroon and black paw design. 0.5mm Pb equivalency.

**J-676m** **Apron**, quick release buckle. Small 32" length

**J-676ml** **Apron**, quick release buckle. Large 36" length

### Velcro Tie Apron

Features two hook and loop (velcro) flaps at the waist which aid in relieving weight off of the shoulder. Comfortable fit attained by varying the position of the flaps. Maroon with black paw print design.

**J-676wa** **Small** 32" length

**J-676wb** **Large** 36" length

### Economy X-ray Aprons

Standard tie-on strap. Shoulder pads included. Royal blue nylon.

**J-676ta** **Small** 32" length

**J-676tb** **Large** 36" length

### Lead Gloves – Vinyl

**J-677x** Seamless lead vinyl gloves are a 15" one piece dip molded glove with supple vinyl cover and foam liner. Burgundy color. 0.5mm Pb equivalency

### Vet Mitts

**J-677m** Palm slit allowing fingers to exit for freedom of movement but still cover top of hand during radiology. Royal blue nylon. 0.5mm Pb equivalency

### Open Palm Mitts

**J-677p** Shields the back of the hand. Hook and loop strap closure across the palm for quick removal. Covered in dark blue weblon. 0.5mm Pb equivalency

### Wrap Around Eyewear

**J-676e** Molded wrap styling in durable tortoise nylon frame with leaded side shields. Front & side lenses 0.75mm Pb equivalent optical lead glass

### Thyroid Collar

**J-0678n** New style thyroid collar offers a trim yet shielded and comfortable design. Includes binding and rear hook and loop closure. Standard 0.5mm Pb Equivalency protection in royal blue nylon. 25.5" length, 10 x 5.5" bib

**J-0679n** Includes edge binding for comfort. Rear hook/loop closure. 18.5" length, 10 x 6.5" bib

## JorVet™ K-9 EZ Boy Radiographic Positioning Aids

*Reduces radiation exposure to staff  
Decreases motion, better positioning and  
comfort of animals*

Available in a variety of shapes, the most popular being the 'V' trough. Two styles:

- 1. Non-coated:** soft open cell gray sponge material provides excellent support and comfort at a less expensive cost.
- 2. Covered:** dark blue nylon reinforced vinyl. Also features hook and loop straps to secure limbs, readily cleaned for quick re-use.

<i>Size: Length x Width x Height</i>	<i>Covered</i>	<i>Non-Covered</i>

## INSTRUMENTS

### Dental

#### Schoupe Mouth Wedge

Reduces the danger of slipping with this instrument since it is held in place by the equine cheek area. Inserted without difficulty. It permits greater freedom in treating any part of the oral cavity. Tie rope included. J-38s

#### McPherson Mouth Gag

Full mouth gag for equine dental work. Comes complete with leather straps and tooth plates for upper and lower incisors. Stainless steel. J-38mps

#### Meister Equine Mouth Speculum

The gold standard for doing proper and thorough equine dentistry. A full mouth speculum. Stainless steel. Includes Biothane straps. Improvements include ridge along ratchet to help avoid side slippage. Recessed areas in upper dental plate for placement of light source (J-38X) included. Caution should be used with all full mouth equine speculums. Be sure set-screw is set properly to prevent slippage.

#### Carbide Float Blade

These new blades take a lot of the work out of floating a horse's teeth. The carbide metal is very hard and gives a razor sharp edge. This is the new standard in equine dentistry. Blade can be resharpened 3 times. Available in 3 different grits: fine, medium, and coarse. Medium is the most common grit used. Fits any standard flat headed float.  $3\frac{1}{4}'' \times 1''$ . J-57

#### Flat Float Blade

With tungsten carbide chips fits any standard float.  $1'' \times 3\frac{1}{4}''$ . J-57s

#### Flat Float Blade

This is the float blade made of specially hardened steel, fits all standard size floats. Rasp and rasp. J-58ft

## Hoof Care

#### Hoof Knife

With small curl, double edge. Blade  $\frac{5}{8}''W \times 2\frac{3}{4}''L$  J-34

#### Hoof Pick

J-32p

### Stomach & Feeding

#### Drench Pump

For administering large doses of fluid orally. A continuous flow pump that puts out liquid on both the up and down stroke. J-132

### Castration

#### White's Modified Emasculator

With extra crushing area. Stainless steel. 12". J-36w

#### Small White's

Stainless steel. 8". J-36s

#### Reimer Emasculatome

With cord stop for bloodless castration. Includes wrench on all models.

J-37 12.5"

J-37c 12.5"

# **HSB TERMS OF SALE**

## **■ PRICING:**

We make every effort to maintain prices for the duration of a catalog, but we reserve the right to make price adjustments in response to the fluctuating market costs.

## **■ SHIPPING:**

All orders are shipped within 24 hours, by FedEx ground service.

Although we require no minimum order, orders under \$100.00 are subject to a shipping and handling charge of \$15.50. FREE shipping on orders of \$100.00 or more in the continental U.S.

For customers in Alaska and Hawaii, orders will be sent FedEx Second-Day Air. HSB will pay the amount that equals to ground service to California and you will be charged for the difference.

## **■ PAYMENT TERMS:**

Credit card: MasterCard, Visa, Discover or Amex. We do not charge a fee to use your credit card unless you are past due. Then it will be a \$35.00 convenience fee.

Net 30 days\* upon completion and approval of our credit application. Interest will be charged 1.875% per month for any overdue balance.

All returned checks will be subject to a fee of \$40.00.

ACH payments are also accepted. Past due balances paid by ACH payments are subject to a \$10.00 convenience fee.

## **■ CLAIMS:**

Inspect your order thoroughly as soon as it arrives. All claims must be made within 24 hours of delivery.

## **■ RETURNS:**

No merchandise may be returned without prior authorization. HSB will accept merchandise returns from the original customer, ONLY under the following conditions:

- All returns must be arranged in advance by calling 1-800-526-8981.
- Returned goods must be in their original, clean, unmarked, resellable package.

Returns made within: 30 days of the invoice date will be given 100% credit.

31–75 days, 80% credit will be given.

76–150 days, 50% credit will be given.

No credit for merchandise unsuitable for resale because of age, condition of items, obsolescence or expiration date.

All Special Order items, close-outs and short-dated items are not returnable.

## **■ \*TERMS:**

In the event the account is not paid within one month of the invoice date, HSB may assign the same for collection and the customer agrees to pay all costs including reasonable attorney, collection and court fees necessary to collect the amount owed.
